

Faculty Seminar on “Visual Learning techniques to improve learning” by Prof. Sarita Negi – April 26, 2017

Venue- B.Ed Classroom

Participants- Prof. Sarita Negi, Miss Atulya Verma, Tripti Pant, Mona Deol, Deepika, Charu Basera, Priyanka Joshi, Monika Mall, Jasveen Margaret, Mainksha Lama, Reena Mishra, Rupa Shrotriya, Cecily Anthony, Shubham Kapoor, Tenzin Jigme and Monika Devi.

Faculty Seminars help in creating a scholarly interaction between students and Faculty. As pupil teachers are prepared for discussions, disputation of Seminars etc thus it's a beneficial activity in which they participate with the Faculty. Prof. Sarita Negi emphasized on the fact that we are able to retain for longer what we see through graphics, pictures, charts, diagrams, maps, images, moving and still pictures etc. The presentation included the learning techniques for visual learners such as using flash cards, use highlighters, circle words and create timeline of events. Using a visual in classroom can initiate a discussion, can spark a question, can help introduce a topic etc.
