

International Women's Day-8th March 2018

Students of ICFAI Education School, The ICFAI University, Dehradun observed International Women's Day on 8th March 2018, in the form of poster making and by putting forth their views. This day is observed to celebrate the social, economic, cultural and political achievements of women. The day is also a reminder for women empowerment. The theme for International Women's Day 2018 is 'Press for Progress'. It is a collective day of global celebration.

Students of IEdS shared their views regarding its history, reason behind celebrating the day, respecting the needs of women, providing opportunities to women etc. Prof. Sarita Negi said that International Women's Day is annually held on March 8 to celebrate women's achievements throughout history and across nations. It is also known as the United Nations (UN) Day for Women's Rights and International Peace. She focused on importance of women in society, their influence, and issues that affect them. She came up with her views that one day is not enough to celebrate the contribution of women for the success of a family, society or country. Women should be given respect, regard and a safe environment to live in. She highlighted the names of few eminent women personalities such as Kalpana Chawla, Karnam Malleshwari , Mary Kom, Mitali Raj, Bachendri Pal, Sakshi Malik etc who represented our country in their respective fields . Ms. Atulya Verma pointed out the reason of women being neglected till now i.e. the stereotyped thinking of the society which has to be changed.

Students presenting their views were Cecily Anthony, Nityanand Pandey, Ekta Chauhan, Tenzin Jigme and Shubham Kapoor.
