

MoU of ICFAI University, Dehradun and St. Petersburg State University Of Aerospace Instrumentation

MEMORANDUM ON UNDERSTANDING  
BETWEEN THE SAINT-PETERSBURG STATE UNIVERSITY OF  
AEROSPACE INSTRUMENTATION (RUSSIAN FEDERATION) AND  
THE ICFAI UNIVERSITY, DEHRADUN, INDIA FOR THE YEARS 2009-2010

1. This bilateral Memorandum sets in place mechanism for developing and strengthen the collaboration that utilize the expertise and capabilities of the Saint-Petersburg State University of Aerospace Instrumentation (SUAI) and the ICFAI University (ICFAI) in the research, development, validation, and transfer of new technologies in the field of aerospace instrumentation.

SUAI and ICFAI, hereinafter referred as Parties, expressing a will to promote co-operation in the field of aerospace instrumentation methods, algorithms and devices development proceeding from the principles of equality and mutual benefit,  
have agreed as follows:

2. The Parties have expressed an intention to develop and strengthen cooperation in the research, development, validation, and transfer of new technologies in the field of aerospace instrumentation, and also in students and specialists training.

3. The Parties have defined the following priority directions of co-operation:

- Data processing algorithms of on-board equipment integration for plane safe landing at bad weather
- Development of the optimization methods for selection and positioning of sensors in automatic motion control systems for complex flexible objects during experimental tests
- The precise laser altimeter for low altitude
- Investigation and design of advanced MEMS Gyroscopes

4. The main forms of the Parties interaction in the field of competition policy are the following:

- Academic Collaboration for creation of the basis for further R&D projects
- Other legal documents and information;
- ... of expert surveys and

5. Disputes relating to interpretation and application of the present Memorandum shall be settled by negotiations between the Parties.

6. In case of need the Parties shall hold additional consultations on the issues of implementation of the present Memorandum.

7. The present Memorandum comes into force since the date of its signature and will be effective before expiration of 6 months from the date of getting by either Party of a written notification from the other Party on its intention to terminate the Memorandum.

8. The following individuals are designated points of contact for the MOU:  
SUAI:

Prof. Dr. Alexander Nebylov,  
Director, International Institute for Advanced Aerospace  
Technologies of State University of Aerospace Instrumentation,  
Honored Scientist of the Russian Federation,

67, Bolshaya Morskaya, St.Petersburg, 190000, Russia  
tel. +7 812 494 70 16  
fax. +7 812 494 70 18  
mob. +7 901 319 55 93
