

Graduation Ceremony of ICFAI University, Dehradun

Faculty of Science and Technology held its Graduation Ceremony for the passing out B.Tech students of the class of 2011 on 25th April, 2011. More than 700 students are passing out from this institute as graduate engineers to serve the society.

The function was graced by the Vice Chancellor - Prof. G.P. Srivastava, the Pro-Vice Chancellor - Prof. S.C. Deorani, the Registrar - Prof. P.K. Dash, the Dean - Dr. R.C. Ramola and faculty members who gave blessings and best wishes to the students.

Prof. G.P. Srivastava in his inaugural speech specified the special features of the B. Tech curriculum of the University by stating that the curriculum enables the students to face the challenges of professional life and the competitive world. It also empowered them to be analytical in their thinking. The B. Tech degree program provides holistic knowledge in a wide range of technical fields.

Both the Vice Chancellor and the Pro-Vice Chancellor emphasized on the virtue of being good human being apart from being professionally sound. The Pro-Vice Chancellor, Prof. Deorani put stress on healthy body and healthy mind as essential components of growth and development of personality. He also assured the students that they would find full support of the University at any point of time in their professional career.

The students took the oath to pursue their professional career in an honest manner. The grand finale came with presentation of certificates and mementos to the graduating students by the Vice Chancellor and the Pro Vice Chancellor.

In the evening a vibrant cultural programme was organized to celebrate the occasion.
