# Message from the Chancellor

## Greetings!

The ICFAI University, Dehradun established in 2003, has evolved as a University that grooms its students into innovative and ethically grounded individuals, capable of managing change and transformation in a globally competitive environment. It has a vibrant 25 acres campus at the foothills of the Himalayas and aims to excel as a premier University for students who seek knowledge and wisdom.

The University provides relevant applied learning experiences to its students through research, internships and community outreach projects.

The University believes in providing equality of opportunities which is the essence of participatory democracy, to help not only to remove the sense of alienation and neglect in the backward regions but also prevent migration from Uttarakhand. The University campus is emerging as a potential hub to impart education, training and entrepreneurship development skills, to the youth, women and marginalized sections of society.

The ICFAI University, Dehradun; with an aim to align itself to the knowledge based economy, has been working in close association with the industry. This will help our students to move up the value chain. We will continue our pursuit of excellence in our academic offerings, through cooperation and commitments of all our stakeholders.

In addition to its curricular activities, the University provides a campus life that is rich in extracurricular activities, clubs and sports that not only helps its students to lead a balanced life style but also attracts its alumni to return to the campus.

**Prof. Uday B. Desai, Chancellor,**  
The ICFAI University, Dehradun  
Founding Director of IIT Hyderabad  
Professor Emeritus at IITH

---

**The University, since last nineteen years, is diligently working on its mission of providing professional postgraduate and undergraduate programs that are of high level, innovative and career oriented**

---

# Message from the Vice Chancellor

The emergence of new intelligent technologies in latest thrust areas and new business models will bring large number of sustaining opportunities for growth, both for our country and for its young population, despite the current challenges due to the pandemic. We at ICFAI system and ICFAI University, Dehradun (IUD) believe that it is knowledge and discipline that will give you required competence to harness these opportunities and scale the system to greater heights. The culture at IBS Dehradun, a constituent of the ICFAI University, Dehradun stands for meritocracy with strong ethical foundations. The University provides quality education to its students both in classroom and through its rigorous internship program in the organisations. The innovative pedagogy

is a blend of case-based methodology, latest methods and technology with a focus on imparting the right knowledge, skills and attitude to our students for their holistic growth. The curriculum which is upgraded on real time scale in the departmental Board of studies is kept contemporary and innovative with inputs from leading industry professional, researchers and academicians, giving an edge to our students when they progress into their professional work environment.

The students are imparted a holistic view of life with a 'can-do attitude' by the faculty having rich experience in industry and academics. The class room learning supplemented with industry visits, guest lectures, sports, cultural festivals and other co-curricular and extracurricular activities help in all-round development of our students.

**Prof. Ram Karan Singh**  
*Vice Chancellor,*  
The ICFAI University, Dehradun

---

**The University provides diversity of learning experiences that equips them with competencies to have their rightful place in the world. Our energetic and growing alumni network is a testimony to it**

---

# The ICFAI Group

Pioneering professional education for over 35 years

ICFAI was established in 1984 as a not-for-profit society with the broad objective of empowering citizens through world class quality education. The Institute announced its arrival into the Indian education fora by launching a high end, innovative professional program in financial analysis in 1985. The Program was first-of-its-kind in India, aimed at equipping students and working professionals with cutting-edge knowledge in contemporary areas of finance. Since its establishment, ICFAI Group has made a significant mark in the Indian educational field with a pan-Indian network and presence.

Innovation has been the mainstay of ICFAI Group with innovation prevalent in its programs and even its culture. Subsequently, there was a big leap when ICFAI Group started its chain of business schools (IBS) across India in 1995 to offer management program. Since its inception, IBS has been consistently ranked among the top ranked B-Schools of India providing excellent academic delivery and infrastructure to its students and transforming them into leaders for the future.

Another example that is a testimony to the culture of innovation is the introduction of Case Study methodology at IBS. The Case Research Center at IBS has become a center of excellence and has won several accolades across the world.

ICFAI Group has 2 Strategic Institutional Units, the ICFAI Universities and the ICFAI Business Schools. In all the programs offered across these units, the emphasis is on adherence to academic rigor and differentiated curriculum that bridges the industry-academia gap.

ICFAI Group focuses on learning rather than instruction. In addition, the institute is engaged in important areas of research covering environmental sustainability, agricultural economics, health policy, financial economics, banking, intellectual property rights etc. There have been path-breaking research and good quality publications in these areas.

Flexible and tech enabled learning also plays an important role in ICFAI's teaching methodology. The delivery takes place with the use of hi-tech learning management system at campus programs and content delivery for distance learning through online medium.

ICFAI Group practices the value of academic integrity at all levels. As a policy, admissions are purely based on merit and there is nothing like capitation fee et al. The fee payable is published in the application material and that remains unchanged.

The ICFAI Group's culture of teaching and learning supports and fosters intellectual and personality development among its graduating students. They carry an attitude of ownership of their work. ICFAI Group strives to make the students-DOERS. The programs are designed such that the students & professionals graduating from the institution have the ability to take risks, make decisions and own the work. ICFAI Group system, strongly believes in developing an 'entrepreneurial mindset' among its graduating students.

At ICFAI, students inculcate research and analytical orientation due to its institutional strength and support for the research and development activities. Holistically, the student undergoes a transformative change.

The alumni of ICFAI Group are working in renowned companies world-wide. Collectively, ICFAI Group alumni contribute significantly to the growth story of India.

## Awards won by The ICFAI Group

# The ICFAI Universities

ICFAI Foundation for Higher Education, Hyderabad

ICFAI has established 11 Universities across India. N J Yasaswy  
(1950-2011)

## Founder's Profile

Mr. N. J. Yasaswy (1950-2011), founder of the ICFAI Group of educational institutions and a pioneer in promoting higher education in the private sector had a brilliant academic career: B.Com (Andhra University 1969 – First Rank), CA Inter (May 1971 – First Rank), CA Final (May 1973 – First Rank), ICWA Inter (July 1970 – First Rank) and ICWA Final (July 1972 – First Rank). He was the recipient of the Basu Foundation Award for the Best Student of the Year from both – The Institute of Cost and Works Accountants of India (in 1972) and The Institute of Chartered Accountants of India (in 1973).

During 1974-1980, Mr. Yasaswy was associated with the Administrative Staff College of India as a Faculty Member. In 1981, he started his consultancy firm, Yasaswy Management Associates Private Limited, Hyderabad.

Mr. Yasaswy was appointed by the Government of Andhra Pradesh as Chairman, Andhra Pradesh State Trading Corporation (1985–88), and Vice-Chairman, Public Enterprises Management Board (1986–88). He was a visiting faculty member at the Indian Institute of Management-Ahmedabad (1986-88) and was nominated as a Member on the SEBI Committee on Accounting Standards. He was a member of the Board of Directors of the Association of Certified International Investment Analysts (ACIIA), Switzerland. He authored several books on finance and investments.

Mr. Yasaswy set up the ICFAI as a single institute in 1985 without governmental sops or institutional funding, in an era where government support was the norm. He chose to spend all his energy on the fledgling institution which over the years grew to become a monument to what ambition can deliver. He was instrumental in building several business schools and universities in the developing states of India, particularly in the North-East region. He stood for professional management, excellence in the quality of education offered in the ICFAI institutions, and absolute discipline.

He was charismatic, a great teacher, an institution builder, a visionary and a genius who was years ahead of his time. His vision will continue to guide ICFAI forever.

# The ICFAI University, Dehradun

The ICFAI University, Dehradun is established under the provisions of The ICFAI University Act 2003 (Act 16 of 2003) enacted by the State of Uttarakhand.

- The University is recognized by the University Grants Commission under Section 2(f) of UGC Act, 1956.

**The University is the member of:**

- The Association of Commonwealth Universities (ACU), London.

ICFAI Law School	95	12	4.5
ICFAI Tech School	87	7.2	4.0
ICFAI Education School	80	10	4

# ICFAI Law School, Dehradun

The ICFAI Law School (previously known as Faculty of Law), a constituent of The ICFAI University, Dehradun is established with an objective of developing a new generation of legal professionals through comprehensive and contemporary body of knowledge integrating law with management / humanities.

#### BCI Approval:

BBA-LL.B. (Hons.), BA-LL.B. (Hons.) and LL.B. Programs offered by the ICFAI Law School are approved by the Bar Council of India.

## Unique Features of ICFAI Law School

### Moot Court:

Moot Court activity is a part of clinical legal training which enables the students to gain practical experience, improve analytical reasoning, legal aptitude, presentation and communication skills. The moot courts help the students understand bar and bench relationship. It helps the students to inculcate good court-room techniques, processes and discipline.

The ICFAI Law School internalizes the moot court process into its curriculum throughout the program as it strongly feels that moot court helps the students in understanding the requirements of clients and courts in the real life situations. A student is made to learn the legal issues associated with the case and prepare the briefs and arguments. The moot courts help to understand

the requirements of the clients and prepare for a case in that direction.

Students are encouraged to participate in the National and International Moot Court Competitions. In every semester, intra-college and National moot court competitions are organized by the ICFAI Law School so that students imbibe the qualities of professional lawyers.

### Legal Aid Clinic:

The ICFAI Law School is committed to social cause and contributes to the society by way of spreading legal awareness, legal literacy and by providing legal services. It plans to coordinate with the District and State Legal Services Authorities in solving the disputes of the local people. As part of Legal Aid Program, the students undertake some of the programs under the supervision of the faculty and Legal Service Authorities. These programs help the poor and needy who cannot afford the services of a lawyer for the conduct of a case or a legal proceeding in any court, tribunal or before an authority. Students learn how to handle clients who are illiterate and poor. They create awareness among citizens about their rights guaranteed by the constitution of India and various other enactments. These initiatives aim at making the students independent before they enter into the competitive professional environment.

In the last academic session, the ICFAI Law School organized two Legal Aid Camps in the nearby rural areas and conducts one jail visit for the students. The University adopts two villages in nearby locality for legal aid.

### Guest Lectures:

Guest lectures play an important role in enhancing knowledge base of the students. Eminent academicians and practicing legal professionals are invited for guest lectures where students understand the practical applications of various laws and management related concepts and ideas. The ICFAI Law School also

arranges a series of lectures on technical and contemporary courses by the subject experts.

### Clinical Courses:

Clinical courses are the compulsory courses for the students. These courses help the students to learn the skills of drafting, pleading and conveyancing. These courses prepare the students to learn advocacy skills and train them in professional ethics.

### Mentoring and Grooming:

Students joining law programs are divided into groups and each group is mentored by one of the faculty members. All the faculty members are involved in the processes, based upon requirements. The process is aimed to help the students overcome their problems (academic and non-academic) in the absence of their parental guidance. It also helps to streamline the inherent skills of students and strengthen them for building up better careers. It enables the mentor to address performance deficiencies of the students.

Mentoring process is a unique program initiated by ICFAI Law School. It helps the students gain confidence, plan for the future and understand the expectations of the University. It involves the students in team building and social interactions. It helps to assess the psychological profile of students and help them to achieve attitudinal changes required in today's dynamic professional life. The faculty in-charge of group conducts relevant psychometric tests and gives feedback on their strengths,

weaknesses, aptitude, behavioural traits and identifies opportunities for improvement of the students.

### Legal Internships:

The internship forms an important component of Law programs at ICFAI Law School. It is an attempt to bridge the gap between the professional world and academic institutions. Internship is a vehicle for introducing students to get the professional and practical exposure. ICFAI Law School has a clearly defined and structured institutionalized process of internship to link up the real life situations with that of the academic learning. During the internships the students are encouraged to take up assignments, which are multi-disciplinary, goal-oriented, time bound and involves teamwork.

The students undertake the internship program for BBA-LL.B. (Hons.), BA-LL.B. (Hons.) and LL.B. program at the end of each year during the summer holidays. Students are required to seek internships in the law firms, corporates, nationalised banks, national commissions, NGOs and with advocates practising in various fields of law for practical knowledge. During this period, students attend the concerned office and also the court's proceedings. Each student is under continuous evaluation by the faculty guide and also the project guide. At the end of the internship each student submits a detailed report on all the cases studied and/or attended by him/her, duly evaluated by the advocate and faculty.

# The BBA-LL.B. (Hons.) Program

The BBA-LL.B. (Hons.) Program is contemporary and rigorous with innovatively designed curriculum.

### Ms. Priya Chanana

- Awarded Best Employee on Teachers Day 2021
- Awarded with certificate of appreciation as a faculty convener in organizing intra mediation competition at ICFAI University Dehradun in January 2020.

### Dr. Tapan Kumar Chandola

- Published Book on Law and Media
- Published Book on International Intellectual Property Laws

### Mr. Aditya Kumar Tomar

- He has clear SET of 5 States i.e., MHSET, GSET, APSET, WBSET, NESLET.
- He has published research paper in peered review journals of national and international repute.

### Ms. Sugandha Sharma

- Awarded Best Faculty Award 2022.
- She has published research papers in Scopus indexed journal and peered review journals of national and international repute.
- Published a Patent at Office of the Controller General of Patent, Design and Trademarks, Government of INDIA

### Deepak Kumar Gupta

- Published paper title "Reservation to Economic Weaker Section-A Progressive Step", ISSN Approved – ISSN: 2349-6002, International Peer Reviewed Journal, Refereed Journal, Indexed Journal, Impact Factor: 7.376. IJIRT 156864.

### Mr. Diwakar Das

- Presented Paper in an International Conference organized by IIM Bodh Gaya and University of Cambridge
- Published a Patent at Office of the Controller General of Patent, Design and Trademarks, Government of INDIA.

# ICFAI Tech School, Dehradun

ICFAI Tech School (Faculty of Science & Technology) is a constituent of The ICFAI University, Dehradun. It offers cutting-edge technology programs at UG, PG and Doctoral levels namely B.Tech., BSc.(Hons.) Mathematics, B.Sc.(Data Science), Diploma in Civil, Computer Science and Mechanical Engineering, BCA, MCA, M.Tech. and Ph.D.

## Unique Features of ICFAI Tech School

### Internship Programs:

For the development of institutionalized linkages with industry, unique Internship Programs are offered.

The Internship Programs ensure that linkages are developed and sustained with industrial and other organizations outside the world of academia. They serve as a formal method within the curriculum, to bring the realities of the world of work into the educational process.

The Internship Programs require that the students undergo the rigors of the professional world in form as well as in substance and provide them with an opportunity to apply their classroom knowledge to live situations. They differ from "Practical Training" as well as "Sandwich Schemes" in that the entire student education during the Internship Programs is supervised by faculty member and forms a part of the students' total credits towards their degree.

**There are two Internship Programs for B.Tech.:** IP-I of two months duration, implemented during the summer following the second year of study, and IP-II of five and a half months duration, implemented in either the

VII Semester or the VIII Semester, during the final year.

The Internship Program offers several benefits to all the three partners in the conduct of the programs, viz., the students, the external organization and the University:

### Benefits to the Students:

- Opportunity to work on real-life problems in actual working conditions
- Development of useful work-related skills
- Enhanced placement opportunities
- Opportunity to earn while learning.

### Benefits to the External Organization

- Value addition through the participation of students and the faculty in project work directly relevant to the organization
- Direct contribution to industrial productivity
- Direct access to expertise available with the University

### Benefits to the University:

- Hands-on training facilities to its students
- Faculty development through

involvement with the students in real-time projects

- Curriculum updation through feedback from industry
- Consultancy opportunities.

### Industry Networking:

ICFAI Tech School networks with several leading organizations to provide its students practical exposure in the form of projects and internships. Experts from a wide range of companies regularly deliver guest lectures and serve as members of advisory boards. These associations help ICFAI Tech School students in getting suitable final placements.

### Personality Development:

Apart from regular engineering courses, ICFAI Tech School also offers soft skills training to its students. This helps them to develop communication skills, presentation skills, negotiation skills, interview skills etc., thereby making them more industry ready.

### Flexible Approach:

ICFAI Tech School offers a broad range of electives. These electives can be pursued in a flexible way providing various choices for students.

### Broad-based Programs:

The programs are broad-based, innovative and inter-disciplinary. The hands-on training brings a real world into classroom and prepares the students to break the toughest shackles of competition.

### Technology Driven:

ICFAI Tech School uses latest technology in its teaching methodology. Technology is entirely integrated into its teaching process and its usage is maximized through the most contemporary workshops and labs.

### Hi-Tech Specialty Labs:

#### Texas Instrument (Lab) by Texas Incorporation, USA

- This facilitates imparting knowledge about Wi-Fi Technology and Internet of Things (IoT)

#### Northern Region Hub by FOSS Project (Ministry of HRD), IIT Bombay

- This facilitates conducting workshops and symposiums jointly sponsored by The ICFAI University, Dehradun and FOSS Project, IIT Bombay, in four States (UP, UK, HP and J&K)

#### Knowledge Partner, FOSS Project (Ministry of HRD), IIT Bombay

- This facilitates use of FOSS (Open Source Software) for developing course material online.

#### E-Yantra Robotics Lab by IIT Bombay

- This facilitates establishing Robotics Incubation Centre that serves as knowledge & resource centre for robotics.

#### Virtual Lab Resource Center by IIT Delhi

- This facilitates imparting knowledge to engineering graduates about conducting different types of experiments and use of simulators.

### Advanced Centers:

#### Center for Artificial Intelligence & Machine Learning

- The Center facilitates the students to learn and develop automation systems by using AI and ML technology.

#### 3D Printing Technology

- This trending technology facilitates imparting knowledge about 3D technology.

### Companies where Internship for IcfaI Tech School students was offered (a partial list)

- ABC Bearing Ltd. Dehradun
- Agilent Technologies
- Amrapali Constructions
- Andritz Hydro Pvt. Ltd.
- Arvind Limited
- Ashok Leyland
- Auxius Technologies
- BCS Innovations
- BEA Systems
- Bharat Heavy Electricals Ltd.
- Bharat Sanchar Nigam Ltd.
- Bharti Airtel Ltd.
- Birla Copper
- CBRI
- CEERI, Pilani
- Center for Environment Science
- CISTEMS-Metacube Software
- CPRI
- Danlaw Technologies
- Diesel Locomotive Works, Varanasi
- Dixon Technologies India Pvt. Ltd.
- E-durables
- EFY Tech, Delhi
- Eicher Engines, Rajasthan
- Endeavour Software
- Essar Steel
- ETA Engineering
- Everest Paper Products
- Farakka Nuclear Fuel Complex
- Future Tech Instruments
- GAIL India
- GCL India
- Genus
- Geological Survey of India
- Geomin
- Godabari Steel Plant
- Godrej
- Grasim
- GRIDCO
- Guhiring India
- Havells India Ltd.
- HBL Nife Power System
- Hero Motors
- Hindustan Coca-Cola Beverages
- Hindustan Copper Ltd. Ghatsila
- Hindustan Machine Tools
- Hyderabad Engg. Industries
- i2 Solutions
- IBS Software Services
- iMotions- Software Technology
- Incise Infotech, Greater Noida
- Indian Oil Corporation
- IndusEdge Innovations
- Industrial Conbuild Co Pvt. Ltd., Noida
- Info Objects Software Pvt. Ltd.
- Intecon Computers
- Ispat Industries
- J. Infotech
- Jai Bharat Maruti, Ltd.
- Jayaswal Neco
- Jet Airways
- Jhagadia Copper
- Jindal Steel & Power
- K B Power Care
- K K Rao Engg. Works
- Kedia Electricals
- Key Business Solutions
- Kotak Urja
- Kota Super Thermal Power Project
- Kukars Infotech
- Lupin Pharmaceuticals
- Mahindra & Mahindra, Swaraj Division,
- Mascon
- MAT Software Solutions
- Matisse Networks
- Meltronix
- Microsol Power
- Mobisy, Bangalore
- Modern Prefab Systems Pvt. Ltd.
- National Institute of Electronics
- National Physical Laboratory
- Natural Technologies
- Neel Metal Products Ltd.
- Nokia Siemens
- NTPC
- Omega Electronics
- Oracle India
- Orissa Hydel Power Corporation
- Orissa Mining Corporation
- Orissa Sponge Iron
- Orissa State Co-operative
- Ortel Communications
- Pacific Electronics
- Packetware (India)
- Paharpur Cooling Tower Ltd.
- Paki Thermal Power Plant

# The B.Tech. Program

The B.Tech. Program is a four-year, eight-semester, full-time, campus-based program. The Program provides cutting edge education to equip students with comprehensive and critical understanding in various branches of engineering. Students who have passed 3 year Diploma in Engineering are eligible for Lateral Entry (to join 3<sup>rd</sup> semester of the program).

**Duration:** 4 Years / 3 Years for lateral entry

### Eligibility:

- B.Tech.: Pass in Class XII or equivalent (PCM group) with 50% and above aggregate marks. Class XII students awaiting their final examinations results can also apply.
- B.Tech. (Lateral Entry): Pass in 3 year 'Diploma in Engineering' (in the respective branch) with 50% and above aggregate marks. Students awaiting their final examinations results can also apply.

### Admission Process:

Admission is based on Merit and Personal Interview.

### Award of Degree:

Students who successfully complete the program will be awarded B.Tech. degree in respective discipline from The ICFAI University, Dehradun, subject to University regulations.

## The following branches of B.Tech. Program with specialization options are offered:

- 1. Computer Science & Engineering with specialization in:**
  - Machine Learning
  - Cyber Security
  - Networks
  - Advanced Computing
  - Database
- 2. Artificial Intelligence & Machine Learning with Specialization in:**
  - AI in Healthcare
  - Computer Vision
  - Internet of Things
  - Cyber Security
- 3. Data Science and Artificial Intelligence with specialization in:**
  - Data Science
  - Artificial Intelligence
  - Cloud Computing
  - Blockchain
  - Internet of Things
- 4. Database Administration and Big Data with specialization in:**
  - Machine Learning
  - Cloud Computing
  - Soft Computing
  - Database
- 5. Electronics and Communication Engineering with specialization in:**
  - Communication
  - Microwave
  - Very Large-scale Integration(VLSI)
  - Embedded
  - Design
- 6. Mechatronics Engineering with specialization in:**
  - Robotics
  - Bio-Robotics
  - Medical Robotics
  - Manufacturing
- 7. Civil Engineering with specialization in:**
  - Structural Engineering
  - Geotechnical Engineering
  - Transportation Engineering
  - Water Resources & Environmental Engineering
- 8. Mechanical Engineering with specialization in:**
  - Manufacturing
  - Design
  - Energy Engineering
  - Industrial Engineering

## Open Electives (V and VI Semesters)

### Open Elective I (V Semester)

- Advanced Java
- Advanced Computer Architecture
- Parallel Computing
- Blockchain Technology

### Open Elective II (VI Semester)

- Social Network Analysis
- Real Time Systems
- Human Computer Interface
- Combinatorial Optimization

## Humanities Electives (VII/VIII Semesters)

- Dynamics of Social Change
- Introduction to Psychology
- Heritage of India
- Modern Political Science
- Public Administration
- Professional Ethics
- Social Innovation

## Discipline Electives (VII/VIII Semesters)

### Machine Learning

- Deep Learning
- Natural Language Processing
- Information retrieval
- Pattern Recognition

### Cyber Security

- Ethical Hacking
- Information Security
- IoT Security
- Cyber Security

### Networks

- Wireless Networks
- Network Administration
- Network Security
- AI in Wireless Communications

### Advanced Computing

- High Performance Computing
- Advanced Computer Architecture
- Multicore Architecture
- Parallel Computing

### Database

- Database Administration
- SQL & DB Applications
- Database Security & Privacy
- Data Wrangling

# B.Tech in Artificial Intelligence & Machine Learning

## Discipline/Profession Electives

- Reinforcement Learning
- Cognitive Systems
- Machine Learning with Text using Python
- Pattern Anomaly and Detection
- Logical AI And Automated Reasoning
- Social Network Analysis

## Humanities Electives

- Social Innovation
- Dynamics of Social Change
- Introduction to Psychology
- Heritage of India
- Modern Political Science
- Public Administration
- Professional Ethics

## Specialization Electives (VII/VIII Semester)

### AI in Healthcare

- AI for Medical Image Analysis
- Bio-Informatics
- Healthcare Informatics
- Applications of AI in Medicine

### Computer Vision

- Deep Learning in Computer Vision
- Autonomous Systems
- Computer Vision for Assistive Technologies
- Augmented Reality

### Internet of Things

- IoT in Agriculture
- IoT for Healthcare
- IoT for Smart City
- IoT for Home Appliance

### Applied Natural Language Processing

- Natural Language Processing (NLP)
- Speech Processing
- Machine Translation
- Deep Learning for Natural Language Processing

### Cyber Security

- Principles of Cryptography
- Information Security
- Blockchain Technology
- AI in Cyber Security

# B.Tech in Civil Engineering

## Specialization Electives (VII/VIII Semesters)

### Structural Engineering

- Concrete Technology
- Finite Element Analysis
- Automation and Building Information Modeling
- Design of Industrial Structures

### Geotechnical Engineering

- Ground Improvement Techniques
- Soil Dynamics and Machine Foundation Engineering
- Design of Reinforced Earth and Geotextiles
- Analysis and Design of Shallow and Deep Foundation

### Transportation Engineering

- Urban Transport Planning
- Pavement Evaluation, Rehabilitation and Maintenance
- GIS and Remote Sensing
- Mass Transportation Operations and Management

### Water Resources And Environmental Engineering

- Design of Hydraulic Structures (STR/WR)
- Hazardous Waste Management
- Disaster Management and Mitigation
- Irrigation Engineering

### General & Mathematics Elective

- Sustainability Development
- Fire Safety Engineering
- Probability, Statistics and Linear programming
- Numerical Methods

### Humanities Electives

- Dynamics of Social Change
- Introduction to Psychology
- Heritage of India
- Modern Political Science
- Public Administration
- Professional Ethics
- Social Innovation

# The BCA Program

The Bachelor of Computer Applications (BCA) program is an essential pillar in diverse industries, set for rapid growth with advancing IT and communication systems. A full-time, three-year curriculum empowers students with a profound grasp of Computer Applications. Specializations include Data Science and AI, Cyber Security, DevOps, Cloud Computing, and Mobile App/Web Tech. Tailored to individual

aspirations, these tracks pave the way for roles in AI, cybersecurity, cloud management, and more. Choosing a specialization aligns skills with industry demands, while embracing ongoing learning is vital in this ever-evolving tech landscape. BCA, with its cutting-edge specializations, propels students toward success in tech's dynamic future.

**Duration:** Three Years

**Eligibility:** Pass in Class XII (or equivalent) in any discipline with 50% and above aggregate marks

**Admission Process:**

Admission is based on Merit and Personal Interview.

**Award of Degree:**

Students who successfully complete the program are awarded BCA Degree from The ICFAI University Dehradun, subject to University regulations.

# The Diploma in Engineering (Polytechnic)

ICFAI Tech School offers 3 years Diploma in Engineering (Polytechnic) in Computer Science & Engineering, Civil and Mechanical.

## Diploma in Civil Engineering

**Program Structure:** The Diploma in Civil Engineering is divided into 6 Semesters spread over 3 Years. The program comprises of courses including Professional Practice/Project courses.

**Duration:** Three Years

**Eligibility:** Pass in Class X or equivalent with 50% and above aggregate marks with Mathematics and General Science as subjects.

**Award of Degree:** Students who successfully complete the Program are awarded Diploma in Civil Engineering by the ICFAI University, Dehradun, subject to University regulations.

Program Structure		
Year I	<b>Semester - I</b>	<b>Semester - II</b>
	<ul style="list-style-type: none"> <li>Principles of Physics</li> <li>Principles of Mathematics</li> <li>Fundamentals of Computers</li> <li>Engineering Graphics</li> <li>Engineering Workshop</li> <li>Soft Skill I</li> </ul>	<ul style="list-style-type: none"> <li>Principles of Chemistry</li> <li>Engineering Mathematics</li> <li>Engineering Materials</li> <li>Engineering Mechanics</li> <li>Engineering drawing</li> <li>Soft Skill II</li> </ul>
<b>Sumer Internship Program</b>		
Year II	<b>Semester - III</b>	<b>Semester - IV</b>
	<ul style="list-style-type: none"> <li>Surveying</li> <li>Mechanics of Structures</li> <li>Building Design &amp; Drawing</li> <li>Concrete Technology</li> <li>Cost Benefit Analysis</li> <li>Environmental Studies &amp; SDGs</li> </ul>	<ul style="list-style-type: none"> <li>Advance Surveying</li> <li>Building Material &amp; Construction</li> <li>Highway Engineering</li> <li>Fluid Mechanics</li> <li>Computer Aided Drawing</li> <li>Open Elective</li> </ul>
<b>Sumer Internship Program (8 Weeks)/ Major Project/ Certification course</b>

# The B.Sc. (Data Science)

ICFAI Tech School offers three-years B.Sc. Degree program in Data Science. The candidates who have completed Class 12 with mathematics as one of the subjects are eligible for admission into the program. With the multiple entry and exit options, the candidates can enter at any level if they fulfil the prerequisites for those courses from other Institutes.

**Objective:** To provide amenable learning platform on Data Science / Analytics and facilitate the learner with multiple entry and exit options. At each exit level of the program, the candidates will be equipped with skills to take up challenging industry problems in the domain of Data Science.

**Program Structure:** The program structure consists of six semesters

- Certificate in Data Science
- Diploma in Data Science
- B.Sc. in Data Science

A candidate is eligible to earn a Certificate in Data Science by entering at Entry Level I and Exit at Level I. A Diploma is awarded for a candidate who exits at Level II and B.Sc. Data Science degree is awarded for a candidate who is exiting through Exit Level III. A candidate can enter any level of the program based on their qualification. An expert committee of ICFAI Tech School will map the courses completed by the candidate by establishing the equivalency and decides the number of credits required to get either a Certificate, Diploma or B.Sc. Degree. Those who are entering in higher entry level, a suitable program chart is created for these candidates to manage their Credits and Academic Banking Credits (ABC).

**Duration:** Three Years

**Eligibility:** Pass in Class XII with Mathematics as one of the subjects with minimum 50%marks.

**Admission Process:** Admission is based on Merit and Personal Interview.

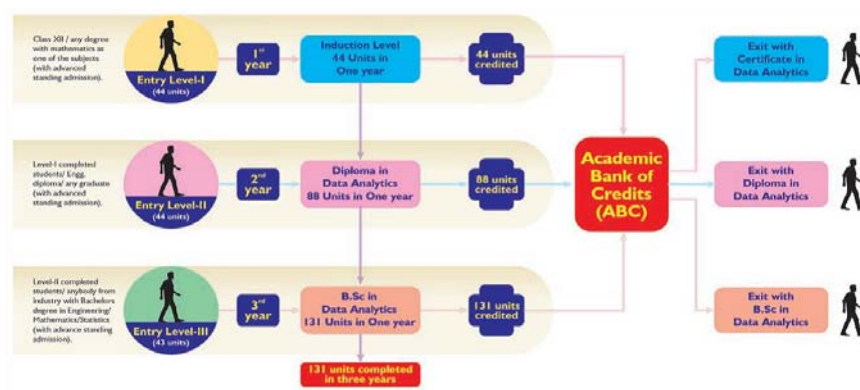

**Award of Degree:** Students who successfully completion first year may exits from the Program with

a Certification in Data Science, if student's exits after 2<sup>nd</sup> year, students are be awarded with Diploma in Data Science and if students who successfully complete three years are be awarded with B.Sc. in Data Science degree from the ICFAI University, Dehradun, subject to University regulations.

**Job Opportunities:** The B.Sc (Data Science) will make the candidates skillful to solve the Industry on statistical analysis and computational

tools (Python, R, Tableau for Data Visualization etc). Candidates who successfully complete the B.Sc program in Data Science can pursue careers in the following fields:

- Data Scientists
- Data Analysts
- Data Architect
- Data Engineer
- Data Science Consultant

Program Structure		
Year I	<b>Semester - I</b>	<b>Semester - II</b>
	<ul style="list-style-type: none"> <li>• English Language Skills</li> <li>• Linear Algebra</li> <li>• Differential Equations and Fourier series</li> <li>• Programming in C</li> <li>• Foundation of Data Science</li> <li>• Introduction to FinTech</li> </ul>	<ul style="list-style-type: none"> <li>• Professional Communication</li> <li>• Higher Calculus</li> <li>• Probability &amp; Statistics</li> <li>• Data Operations</li> <li>• Applied Data Science using Python</li> <li>• Thermodynamics</li> </ul>
<b>Summer Internship I Program (8 Weeks)</b>		
Year II	<b>Semester - III</b>	<b>Semester - IV</b>
	<ul style="list-style-type: none"> <li>• Object Oriented Programming using C++</li> <li>• Data Wrangling</li> <li>• Data Base Management System</li> <li>• Discrete structures for computer science</li> <li>• Complex variables</li> <li>• Operating systems</li> </ul>	<ul style="list-style-type: none"> <li>• Enterprise JAVA applications</li> <li>• Data Structures</li> <li>• Optimization techniques</li> <li>• Data Visualization in Data Science</li> <li>• Machine Learning</li> <li>• Data warehousing and mining</li> </ul>
<b>Summer Internship II Program (8 Weeks)</b>		
Year III	<b>Semester - V</b>	<b>Semester - VI</b>
	<ul style="list-style-type: none"> <li>• Numerical methods</li> <li>• Electives (3)</li> <li>• Humanities Elective (1)</li> <li>• Capstone Project-I (TIC)</li> </ul>	<ul style="list-style-type: none"> <li>• Software Project Management</li> <li>• Electives (3)</li> <li>• Humanities Elective (1)</li> <li>• Capstone Project-II (TIC)</li> </ul>

*The program structure is tentative, subject to change (if required).*

**List of Electives:** Database Administration, SQL & DB Applications, Database Security & Privacy, Wireless Networks, Network Administration, Network Security, Advanced JAVA, Mobile Application Development, Scripting Languages, Web Enabled Technologies, Computer Graphics, Software Engineering, Service Oriented Architecture, Object Oriented Analysis & Design, Software Testing Methodologies, High Performance Computing, Advanced Computer Architecture, Multicore Architecture, System for Data Science, Big Data Systems, Real Time Analytics, Soft Computing, Human Computer Interaction, Computer Vision, Distributed Cloud Computing, Internet of Things, Security & Privacy in Cloud Computing, Cloud Administration, Fundamentals of Blockchain Technology, Ethereum & Solidity Programming Essentials, Blockchain with Artificial Intelligence, Blockchain with IoT.

# The B.Sc (Hons.) Mathematics

ICFAI Tech School offers the Bachelor of Science (Hons.) program in Mathematics.

### Duration:

Three Years

### Eligibility:

Pass in Class XII with Mathematics as one of the subjects with minimum 50% marks.

### Admission Process:

Admission is based on Merit and Personal Interview.

### Award of Degree:

Students who successfully complete the Program are awarded the Bachelor of Science (Hons.) degree in Mathematics from the ICFAI University, Dehradun, subject to University regulations.

Program Structure		
Year I	Semester - I	Semester - II
	<ul style="list-style-type: none"> <li>English Communication</li> <li>Computer Fundamentals &amp; Office Automation</li> <li>Principles of Mathematics- I</li> <li>Principles of Physics</li> <li>Principles of Chemistry</li> <li>Mechanics &amp; Relativity</li> <li>Physics Practical</li> <li>Chemistry Practical</li> </ul>	<ul style="list-style-type: none"> <li>Principles of Mathematics- II</li> <li>Differential Equations- I</li> <li>Statics and Dynamics</li> <li>Discrete Mathematics</li> <li>Algebra- I</li> <li>Analytical Geometry</li> <li>Soft Skills- I</li> <li>Environmental Studies</li> </ul>
Year II	Semester - III	Semester - IV
	<ul style="list-style-type: none"> <li>Differential Equations- II</li> <li>Linear Programming and Game Theory</li> <li>Graph Theory</li> <li>Probability and Statistics</li> <li>Unix and C Programming</li> <li>Soft Skills- II</li> <li>Algebra- II</li> <li>Seminar</li> </ul>	<ul style="list-style-type: none"> <li>Real Analysis- I</li> <li>Complex Analysis</li> <li>Linear Algebra</li> <li>Internal Transformations</li> <li>Numerical Analysis Using C/C++</li> <li>Soft Skills- III</li> <li>Number Theory and Trigonometry</li> <li>Project (Minor)- (Report, Seminar &amp; Viva-voce)</li> </ul>

	<ul style="list-style-type: none"> <li>Real Analysis – II</li> <li>Finite Element Methods</li> <li>Tensor Calculus</li> <li>Object Oriented Programming</li> <li>Elective-I</li> <li>Elective- II</li> <li>Mathematical Software- MATLAB</li> <li>Soft Skills- IV</li> </ul>	<ul style="list-style-type: none"> <li>Differential Geometry</li> <li>Fuzzy Mathematics</li> <li>Mechanics</li> <li>Elective-III</li> <li>Elective- IV</li> <li>Project (Report, Seminar &amp; Viva voce)</li> <li>Soft Skills- V</li> </ul>

*The program structure is tentative, subject to change (if required).*

**List of Electives - Semester V (Select any Two):** Operations Research; Mathematical Modelling; Calculus of Variations and Internal Equations; Topology; Special Function; Portfolio Optimization; Bio-Mathematics; Financial Mathematics; Markovian Model and Stochastic Process.

**List of Electives - Semester VI (Select any Two):** Complexity Analysis; Advanced Statistics; Fractional Calculus; Fluid Dynamics; Combinatorial Mathematics; Boolean algebra and Automata Theory; Mathematica; Artificial Neural Network.

# The MCA Program

**M**aster of Computer Applications (MCA) is a postgraduate program to help construct a sparkling profession in programming and application improvement. MCA is a two year, four semester full time campus based program. The Program provides enhanced skills to equip students with comprehensive and critical understanding in the field of Computers programming and Information Technology.

**Duration:**

Two Years

**Eligibility:**

Pass in Graduation with minimum 50% marks and Mathematics as one of the subjects either at XII or Graduation Level

**Admission Process:**

Admission is based on Merit and Personal Interview.

**Award of Degree:**

Students who successfully complete the program will be awarded MCA Degree from The ICFAI University Dehradun, subject to University regulations.

Program Structure		
	Semester - I	Semester - II
Year I	<ul style="list-style-type: none"> <li>POP &amp; OOP Programming Languages</li> <li>Probability and Statistics</li> <li>Discrete Mathematics</li> <li>Data Base Management Systems</li> <li>Professional Communication</li> <li>Environmental Studies</li> </ul>	<ul style="list-style-type: none"> <li>Computer Organization &amp; Architecture</li> <li>R Programming</li> <li>Computer Networks</li> <li>IT Security</li> <li>Data Structures with C++</li> <li>Introduction to AI</li> </ul>
<b>Summer Internship Program (8 Weeks) / Minor Project/ MOOCS</b>		
	Semester - III	Semester - IV
Year II	<ul style="list-style-type: none"> <li>Machine Learning using Python Programming</li> <li>Design and Analysis of Algorithms</li> <li>Operating Systems with Unix</li> <li>Software Engineering</li> <li>Elective I</li> <li>Elective II</li> </ul>	<ul style="list-style-type: none"> <li>Web technologies</li> <li>IT Services Management</li> <li>Data Warehouse and Data Mining</li> <li>Elective III</li> <li>Seminar</li> <li>Project</li> </ul>

*The program structure is tentative, subject to change (if required).*

# The M.Tech. Program

The M.Tech. Program is designed to encourage future professionals to equip themselves with the latest tools and techniques in the field of Science and Technology. Program has been structured so as to identify and understand the commonality as well as the divergence amongst them. The ICFAI Tech School offers M.Tech. with specialization in:

- **Computer Science & Engineering**
  - I. Machine Learning
  - II. Cyber Security
  - III. Data Science and AI
  - IV. Cloud Computing
- **Mechanical Engineering**
  - I. Thermal Engineering
  - II. Sustainable Energy
  - III. Artificial Intelligence
  - IV. Robotics and Automation
  - V. Electric And Hybrid Vehicle

- **Civil Engineering**
  - I. Structural Engineering
  - II. Transportation Engineering
  - III. Geotechnical Engineering
  - IV. GIS & Remote Sensing
  - V. Environmental Engineering
  - VI. Water Resource Engineering
- **Electronics & Communication Engineering**
  - I. Instrumentation & Control
  - II. Microelectronics
  - III. Communication Systems

**Duration:** Two Years

**Program Structure:** There are 4 semesters spread over two years. The University follows a Credit-based semester system of teaching, learning and evaluation. The program consists of 8 discipline courses and 5 discipline electives along with mathematical

course, seminar and dissertation. Students are also required to deliver seminars and pursue M.Tech. Dissertation / Internship.

**Eligibility:** Pass in B.Tech./ BE/ MCA/ M.Sc or equivalent in relevant area with 60% and above aggregate marks.

**Admission Process:** Admission is based on Merit and Personal Interview.

**Award of Degree:** Students who successfully complete the program will be awarded M.Tech. degree in respective discipline from The ICFAI University, Dehradun, subject to University regulations.

# M.Tech. in Computer Science & Engineering

## Specialization Elective List

### Thermal Engineering

- Refrigeration and Air Conditioning Design
- Advanced Internal Combustion Engines
- Advanced Fluid Mechanics
- Gas Turbines & Compressor
- Alternative Fuels & Engine Pollution
- Advanced Solar Technology
- Cryogenic Engineering
- Advanced Power Plant Engineering

### Sustainable Energy

- Energy Scenario & Energy Forms
- Fuels & Combustion
- Advanced Solar Technology
- Sustainable Development Goals
- Carbon foot Print & Green Buildings
- Renewable Energy Policies
- Environmental Modelling
- Wind Energy Technology

### Artificial Intelligence

- Concept of Artificial Intelligence and Machine Learning
- Soft Computing Techniques and Applications
- Artificial Neural Network
- Artificial Intelligence Applications in Mechanical Engineering
- Programming for Machine Learning
- Mathematics for Machine Learning
- Machine Learning Theory and Applications
- IoT for Mechanical System

### Robotics and Automation

- Fundamentals of Robotics
- Industrial Process Automation
- Artificial Intelligence in Automation
- Robotics for Industrial Automation
- Wireless Sensor Networks
- Computer Vision and Image Processing
- Advanced Power Electronics and Control
- Embedded Automation Systems

### Electric and Hybrid Vehicle

- Introduction of Electric and Hybrid Vehicle
- Automotive HVAC
- Hydrogen and Fuel Cell
- Supercharging and Turbocharging
- Vehicle Mechanics
- Power Electronics for Automobile
- Modelling and Simulation of EHV
- Energy Storage and Management Systems in EV

	<ul style="list-style-type: none"> <li>Elective IV</li> <li>Elective V</li> <li>Seminar Phase-I</li> <li>Dissertation Phase-I</li> </ul>	<ul style="list-style-type: none"> <li>Seminar Phase-II</li> <li>Dissertation Phase-II</li> </ul>

*\*The program structure is tentative, subject to change (if required)*

## List of Elective Subjects Semester I /II/III

### Instrumentation & Control

#### Course Title

- Actuator sensor & drive
- Introduction to IOT
- Digital Control Systems
- Advanced Microprocessor & Micro Controllers
- Process Control and Instrumentation
- Biomedical Instrumentation
- Industrial Instrumentation

### Microelectronics

#### Course Title

- Micro Electro Mechanical Systems (MEMS)
- Biomedical Electronics
- Nano Technology and Nano Electronics
- Microelectronics Devices and Circuits
- CMOS Mixed signal Circuit Design
- CMOS RF circuit design
- Low Power VLSI Design

### Communication Systems

#### Course Title

- Wireless Mobile Communication
- Satellite Communication
- Multimedia systems
- Next Generation Networks
- Selected Topics in Communication
- RF Receiver design for wireless communication
- RF Adaptive and Smart Antennas

# Faculty Profiles of ICFAI Tech School

## Prof. (Dr.) Ram Karan Singh

Post Doctorate, NIRE, Japan  
PhD, BITS Pilani, India

**Designation:** Vice Chancellor & Senior Professor

## Mr. G F Chakravarthi

M.Tech. (Production Engg.), Ph.D. (Pursuing)

**Designation:** Assistant Professor  
**Area of Interest:** Production & Composite Materials

## Dr. Sanjeev Kumar

M.Tech. (CSE), UGC-NET (CSE),  
Ph.D. (CSE)

**Designation:** Dean In-Charge & Associate Professor  
**Area of Interest:** Machine Learning, Artificial intelligence, Soft Computing and Meta-heuristic Algorithms

## Dr. Nishant Mathur

B.Tech, M.E, Ph.D.

**Designation:** Assistant Professor  
**Area of Interest:** Data Science, Data Analysis, Machine Learning and AI

## Dr. Mukul Jain

M.Sc, Ph.D. (Mathematics)

**Designation:** Assistant Professor & Academics Coordinator  
**Area of Interest:** Operational Research

## Mr. Virendra Singh Rana

M.Tech., Ph.D (Pursuing)

**Designation:** Assistant Professor  
**Area of Interest:** Thermal Engineering and Solar Energy

## Mr. Amit Kumar Bera

M.Tech, Ph.D (Pursuing)

**Designation:** Assistant Professor  
**Area of Interest:** Soil Stabilization with nano-composite, Advance highway materials, multimedia trasportion system.

## Mr. Mohit Kumar Arya

M.Tech, UGC-NET, Ph.D (Pursuing)

**Designation:** Assistant Professor  
**Area of Interest:** Web Technologies, Operating Systems, Data Structures

## Mr. Amit Das

MCA, M. Tech. Ph.D (Pursuing)

**Designation:** Assistant Professor  
**Area of Interest:** Algorithm, Data mining, Wireless Sensor Network

## Dr. Gaurav Bhandari

B.Tech, M. Tech. (Gold Medalist), Ph.D.

**Designation:** Associate Professor  
**Area of Interest:** Communication Systems, Signal Processing, Robotics, IOT

# Faculty Achievements ICFAI Tech School

## Prof. (Dr.) Ram Karan Singh (Vice Chancellor, The ICFAI University, Dehradun)

- International Invention Fair Recognition: Prof. (Dr.) Ram Karan Singh's ingenuity earned him accolades at the International Invention Fair in the Middle East (IIFME). He clinched three medals:
  - Bronze medal for his Patent on topic "ITPI - Steel & Mining Waste Management"
  - Bronze medal for his Patent on topic "PAM – Physical Fitness"
  - Silver medal for his Patent on topic "Waste Intelligent Process management"
- Yadunath Singh Research Excellence Award: His outstanding contributions were celebrated with the Yadunath Singh Research Excellence Award at the 8<sup>th</sup> National Annual Conference on Good Governance, a testament to his impactful research.
- Vice Chancellor of the Year: Prof. Dr. Singh's leadership was acknowledged as he was honored as the Vice Chancellor of the Year at the 2<sup>nd</sup> Highest Education Innovation & Technology Summit, recognizing his visionary role.
- International Workshop and Recognition: As a Guest of Honour at Banaras Hindu University, Prof. (Dr.) Ram Karan Singh contributed to a workshop on 'Descriptive Data Analysis using MS-Excel & SPSS Software,' solidifying his expertise in academia.
- Top 10 Best Vice Chancellors: His exceptional leadership earned him the prestigious "Top 10 Best Vice Chancellors of the Year 2022" award from Marketing & Brand Honchos, further validating his significant contributions.
- Distinguished Speaker and Key Speaker: Prof. (Dr.) Singh's impact extended to speaking engagements, where he shared insights on "Net Zero Its Possible" and addressed the Second Summit on Education Alliances, showcasing his influence in shaping education and innovation.
- Prolific Patents and Publications: His intellectual prowess is evident through the publication of patents and scholarly contributions, such as the patent on "An intelligent agricultural System for progressive farming."
- Global Engagement: Prof. (Dr.) Singh's engagement spanned international workshops, conferences, and visits, demonstrating his commitment to fostering knowledge exchange and partnerships.

## Dr. Sanjeev Kumar

- Prof. (Dr.) Ram Karan Singh's accomplishments reflect his profound dedication to innovation, education, and transformative leadership.
- Innovative Algorithm: Dr. Kumar devised a groundbreaking Recommender Algorithm blending AHP and Machine Learning for Automobile Vehicle Selection. Published in the International Journal of Operational Research, this work promises transformative impact.
- Educational Vision: Driven by foresight, Dr. Kumar meticulously crafted program structures and syllabi for UG and PG students, setting a forward-looking foundation for their education.
- Distinguished Presenter: Dr. Kumar's expertise earned him a special invitation to present at the 'How Technology is changing the legal landscape' workshop, captivating scholars and faculty at KLEF College of Law.

- **Leadership Role:** Chairing a vital Technical Session at the 1<sup>st</sup> International Virtual Conference on Integrated Intelligence Enabled Networks & Computing, Dr. Kumar showcased his leadership acumen.
- **Global Influence:** Dr. Kumar's scholarly reach extended to the International Symposium for Production Research 2020 in Antalya, Turkey, enriching global academic discourse.
- **Prolific Author:** Dr. Kumar's extensive research papers, published in esteemed journals including Scopus & SCI, exemplify his dedication to advancing knowledge.
- **Innovative Patent:** Dr. Kumar's inventive prowess shone with a patent on "Multiple Gastric Diseases Detection Using Deep Transfer Learning Approaches," reflecting his commitment to scientific progress.

#### Dr. Mukul Jain

- **Guidance and Mentorship:** Dr. Jain's expertise extends to guiding Ph.D. scholars, nurturing their intellectual growth in the areas of Operational Research and Numerical Analysis.
- **Prolific Research:** With a commitment to advancing knowledge, He has authored over 15 research papers in renowned journals.
- **National and International Conferences:** Research findings have been disseminated on both national and international platforms. He has presented his research articles at prestigious conferences, facilitating the exchange of ideas and collaboration on a global scale.
- **Distinguished Reviewer:** Recognized for his depth of knowledge, He serves as a reviewer for IEEE conferences and esteemed journals. His meticulous reviews uphold the quality and integrity of academic discourse in his fields of expertise.
- **Professional Development:** Dr. Jain's commitment to continuous learning is evident through his participation in the "NPTEL Awareness Workshop." This engagement reflects his dedication to staying updated with

the latest advancements in pedagogy and research methodologies.

#### Mr. G F Chakravarthi

- **Successful State Exams:** Orchestrated two Uttarakhand State exams, collaborating with Uttarakhand Subordinate Service Selection Commission and Uttarakhand Public Service Commission, demonstrating strong organizational skills.
- **Streamlined Exam System:** Optimized the university's exam system, enhancing efficiency and effectiveness in evaluating student learning.
- **Enhanced Student Records:** Implemented streamlined student record management, ensuring seamless services and improved academic experiences.
- **Smooth Admission Process:** Facilitated a hassle-free admission journey for prospective students, enhancing the overall university entry experience.

#### Dr. Nishant Mathur

- **Innovative Patent:** On December 02, 2022, Dr. Nishant Mathur unveiled a revolutionary patent titled "Smart Waste Food Management System with Machine Learning Mechanism Capable of Generating Renewable Sources of Energy." This pioneering work showcases his dedication to sustainable energy solutions.
- **Scientific Contribution:** Dr. Mathur's expertise extends to scientific research. He recently published an article in the prestigious Science Direct Journal, delving into the sustainable effects of polycarboxylate ether based admixture on hardened concrete. His meticulous study adds depth to construction materials research and another SCI article on the topic "Assortment of latent heat storage materials using multi criterion decision making techniques in Scheffler solar reflector"
- **Prolific Research:** With numerous research articles gracing Scopus indexed and other esteemed peer-reviewed journals, Dr. Mathur's scholarly impact is truly international.

His insightful contributions expand the boundaries of knowledge and strengthen his position as a prominent figure in academia.

- **Dr. Nishant Mathur's** accomplishments are a testament to his innovative spirit and dedication to advancing knowledge. His work resonates on a global scale, inspiring colleagues and students alike.

#### Dr. Gaurav Bhandari

- **Skill Development Initiatives:** Dr. Gaurav Bhandari orchestrated diverse technical workshop sessions, enhancing the employability and readiness of ICFAI Tech School students for the job market.
- **Digital Outreach Leadership:** He spearheaded the University's digital media efforts, amplifying its reach and vividly portraying its vibrant atmosphere across digital platforms.
- **Research Excellence:** Dr. Bhandari's scholarly impact is evident through multiple research papers published in esteemed Scopus indexed and peer-reviewed journals, nationally and internationally recognized.
- **Innovative Patent:** His ingenuity is exemplified by a patent in a cutting-edge area, showcasing his commitment to pushing the boundaries of knowledge and innovation.

#### Mr. Amit Das

- **Invited Speaker (AI & ML):** Addressed the "National Conference on Recent Innovations in Emerging Technology and Science" (NCRIETS 2022) as a guest speaker on AI & ML.
- **Digital Journalism Training:** Certified for completing online training in "Introduction to Digital Journalism" sponsored by Meta Journalism Project.
- **AI & ML Centre of Excellence:** Established a Centre of Excellence in Artificial Intelligence and Machine Learning at The ICFAI University, driving technological progress.
- **Corona Warrior Award:** Recognized with the Corona Warrior Award by Ministry of Corporate Affairs, Government of India, for significant

- contributions during the pandemic.
- Global AI Participation: Actively engaged in the Virtual Global Summit on Artificial Intelligence (RAISE 2020), showcasing involvement in cutting-edge advancements.
- International Relations Leadership: Initiated “Office of International Relations & Studies (OIRS)” at The ICFAI University, fostering global academic connections.
- AI Publications: Authored numerous AI and Navy articles in Financial Express, contributing to public understanding of critical subjects.

### Mr. Virendra Singh Rana

- External Examiner & Practical Evaluator: Acknowledged for his expertise, Mr. Rana served as an external examiner for practical examinations in Mechanical courses at various technical institutes in Dehradun, Uttarakhand.
- Expert Panel Member: Mr. Rana’s assessment prowess was recognized with an appointment as an Expert Panel member for confidential Examination work by Chayan

Ayog (UKSSSC Exam), Dehradun Uttarakhand.

- Confidential Examination Expert: Demonstrating his competence, he also served as an Expert Panel Member for Chayan Ayog (UKSSSC Exam) at Thano Road, Near Maharana Pratap Sport College, Raipur, July 2022.
- Scientific Contribution: Mr. Rana’s commitment to advancing knowledge is highlighted through his publication SCI article on the topic “Assortment of latent heat storage materials using multi criterion decision making techniques in Scheffler solar reflector” in the Science Direct Journal and another SCI article, “Sustainable Effect of Polycarboxylate Ether Based Admixture: A Meticulous Experiment on Hardened Concrete,” reflects his dedication to enhancing renewable energy and construction materials understanding.

### Mr. Amit Kumar Bera

- Teacher of the Year 2022 Awardee: Recognized as the “Teacher of the

Year 2022” by Uttarakhand’s Chief Minister, Shri Pushkar Singh Dhama, at VMSB Uttarakhand Technical University, Dehradun, on September 5, 2022.

- Young Scientist Award Recipient: Honored with the “Young Scientist Award” in Material Science and Nano Technology at the 15<sup>th</sup> Uttarakhand State Science and Technology (UCOST) Congress on June 24, 2022.

### Mr. Mohit Kumar Arya

- Innovative Patent Publication: On December 02, 2022, Mr. Mohit Kumar Arya unveiled a pioneering patent titled “Smart Waste Food Management System with Machine Learning Mechanism Capable of Generating Renewable Sources of Energy.” This inventive contribution showcases his commitment to sustainable energy solutions.
- He appeared in numerous national and international conferences and workshops.
- Presented with the Best Teacher Award during the University Level’s commemoration of Teacher Day.

# ICFAI Business School, Dehradun

# IBS<sup>®</sup>

ICFAI BUSINESS SCHOOL

ICFAI Business School (IBS) (Faculty of Management Studies) is a constituent of The ICFAI University, Dehradun. IBS offers management programs with latest pedagogy at UG, PG & Doctoral levels namely BBA, BBA (FIA), BBA (TTM), B.Com (Hons.) TCS iON, BA (Hons.) Economics, MBA and Ph.D respectively at The ICFAI University, Dehradun. IBS is focussed on creating the leaders of tomorrow.

## Unique Features of ICFAI Business School

### Case Study Focus:

ICFAI Business School (IBS), Dehradun uses the case method as a very important teaching and evaluation tool. The case based learning is integrated as a dominant tool in the education methodology which reinforces the students' understanding of the concepts and their ability to apply them in real life and practical business situations. To be an effective professional, the student has to think and act like one. Case studies of reputed Indian and international companies are used. These cases help students understand the complexities in various business, political, legal and social environments.

### Case based learning helps:

- Develop skills in problem solving and decision making in complex business situations

- Gain confidence in handling dynamic situations
- Acquire valuable experiential learning that simulates the business environment in a classroom.

Learning through cases is like learning by doing. What one learns by doing, one remembers for a long time. The case study advantage offered by IBS is a life-long advantage for the students.

### Summer Internship:

The Summer Internships are undertaken after the second semester onwards and are faculty supervised. They enable the students to experience the rigor of business environment and combine the concepts learnt in classroom with the real-life situations in organizations. The broad objectives of summer internship are:

- To provide students with

opportunities to apply the concepts learnt in the classroom to real life situations.

- To sensitize students to the nuances of a work place by assigning time bound projects in a company.
- To provide students a platform to work and develop a network which will be useful to enhance their career prospects.

### Industry Interaction:

IBS consciously encourages industry interaction with a wide cross section of professionals in the industry. Summer Projects, industry interaction programs, guest lectures, seminars etc., organized in association with the industry offer students an opportunity to exhibit their organizational and communication skills, analytical abilities and awareness of contemporary issues to leading recruiters.

# The BBA Program

The BBA Program is a 3-year campus-based program designed to enhance the skills and competencies of talented and ambitious young aspirants.

## Duration:

Three Years

## Program Structure:

The BBA Program is divided into 6 semesters spread over 3 years. There are two summer internship programs embedded into the curriculum, one at the end of the first year and the second one at the end of the second year to provide corporate exposure to the students.

## Eligibility:

Pass in Class XII or equivalent with 50% and above aggregate marks (any discipline).

## Admission Process:

Admission is based on Merit and Personal Interview.

## Award of Degree:

Students who successfully complete the program are awarded the Bachelor of Business Administration degree by The ICFAI University, Dehradun, subject to University regulations.

Program Structure		
Year I	<b>Semester - I</b>	<b>Semester - II</b>
	<ul style="list-style-type: none"> <li>Environmental Science</li> <li>Fundamentals of Management &amp; Organizational Behavior</li> <li>Statistics for Business Decisions</li> <li>Any One from the List of Generic Elective / Interdisciplinary Courses</li> </ul>	<ul style="list-style-type: none"> <li>Business Communication (Language: English / MIL)</li> <li>Managerial Economics</li> <li>Business Accounting</li> <li>Any One from the List of Generic Elective / Interdisciplinary Courses</li> </ul>

The program structure is tentative, subject to change (if required).

## Discipline Specific Electives:

**Finance (DSE - I):** International Finance; Investment Banking & Financial Services; Investment Analysis & Portfolio Management; Project Appraisal & Analysis; Business Analysis & Valuation; Strategic Corporate Finance; Research Project.

**Marketing (DSE - II):** Consumer Behavior; Personal Selling & Sales Force Management; Advertising & Brand Management; Retail Management; Distribution & Supply Chain Management; Marketing of Services; International Marketing; Research Project.

**Human Resource (DSE - III): HRD:** Systems & Strategies; Training & Development; Management of Industrial Relations; Performance & Compensation Management; Counselling & Negotiation Skills for Managers; Cross Cultural HRM; Talent & Knowledge Management; Research Project.

**Management of Global Business (DSE - IV):** International Trade : Policies & Strategies; Global Business Environment; Transnational & Cross Cultural Marketing; International Supply Chain Management; International Accounting & Reporting System; Multinational Business Finance; International Joint Ventures, Mergers & Acquisitions; Research Project.

**Skill Enhancement Course:** IT Tools for Business; Personality Development & Communication Skills; E Commerce; Statistical Software package (s); Financial Software package (s); Summer Internship (6-8 weeks).

**Generic Elective / Interdisciplinary Course:** Entrepreneurship Development; Business Ethics & Corporate Social Responsibility; Tax Planning; Econometrics; Production & Operations Management; India's Diversity & Business.

# The BBA (Financial Investment Analysis)

The BBA (Financial Investment Analysis) Program is a 3-year campus-based program designed to enhance the Financial Management skills and competencies of talented and ambitious young aspirants.

## Duration:

Three Years

## Program Structure:

The BBA (Financial Investment Analysis) Program is divided into 6 semesters spread over 3 years. There are two summer internship programs embedded in the curriculum, one at the end of the first year and the second one at the end of the second year to provide corporate exposure to the students.

## Eligibility:

Pass in Class XII or equivalent with 50% and above aggregate marks (any discipline).

## Admission Process:

Admission is based on Merit and Personal Interview.

## Award of Degree:

Students who successfully complete the Program are awarded the Bachelor of Business Administration degree in Financial Investment Analysis by The ICFAI University, Dehradun, subject to University regulations.

Discipline Electives	
DSE I	Investment Banking & Financial Services
DSE II	Corporate Analysis & Valuation
DSE III	Business Tax Planning
DSE IV	International Trade Blocks and Multilateral Agencies
DSE V	Corporate Accounting
DSE VI	Strategic Corporate Finance
DSE VII	Management of Financial Institutions
DSE VIII	Forensic Analysis and Fraud Investigation
DSE IX	Research Project
Skill Enhancement Course	
SEC I	IT Tools for Business
SEC II	Financial Software package (s)
SEC III	Personality Development & Communication Skills
SEC IV	Research Software Package
SEC V	Summer Internship (6-8 weeks)
Generic Elective / Interdisciplinary Course	
Generic I	Entrepreneurship Development
Generic II	Organizational Behavior
Generic III	Business Ethics & Corporate Governance
Generic IV	Production & Operations Management
Generic V	Research Methodology
Generic VI	Economic Legislation
Generic VII	Indirect Taxes

# The BBA (Tourism and Travel Management)

The BBA (TTM) Program is a 3-year campus-based program designed to enhance the skills and competencies of talented and ambitious young aspirants.

**Duration:** Three Years

### Program Structure:

The BBA (TTM) Program is divided into 6 semesters spread over 3 years. There are two summer internship programs embedded into the curriculum, one at the end of the first year and the second one at the end of the second year to provide corporate exposure to the students.

### Eligibility:

Pass in Class XII or equivalent with 50% and above aggregate marks (any discipline).

### Admission Process:

Admission is based on Merit and Personal Interview.

### Award of Degree:

Students who successfully complete the program are awarded the Bachelor of Business Administration- Tourism and Travel Management degree by The ICAFI University, Dehradun, subject to University regulations.

# The B.Com (Hons.) Program

**B**.Com (Hons.) (Bachelor of Commerce) is a three years full time campus based program design to inculcate the skills for managing the financial aspects of a business.

### Duration:

Three Years

### Program Structure:

The B.Com Program is divided into 6 semesters spread in 3 years. Each semester comprising of core courses, generic electives, discipline specific electives and skill enhancement electives. The course is designed to cater the needs of corporates and create the best managers. There is a summer internship program embedded into curriculum at the end of second year to provide corporate exposure to the students.

### Eligibility:

Pass in Class XII or equivalent with 50% and above aggregate marks (any discipline).

### Admission Process:

Admission is based on Merit and Personal Interview.

### Award of Degree:

Students who successfully complete the Program are awarded the Bachelor of Commerce (Hons.) degree by The ICFAI University, Dehradun, subject to University regulations.

Program Structure		
	Semester - I	Semester - II
Year I	<ul style="list-style-type: none"> <li>Environmental Studies</li> <li>Financial Accounting</li> <li>Business Law</li> <li>Anyone from Group A of Generic Elective (GE-1)</li> </ul>	<ul style="list-style-type: none"> <li>Business Communication (Language- English/Hindi/MIL)</li> <li>Management Accounting</li> <li>Corporate Laws</li> <li>Anyone from Group A of Generic Elective (GE-2)</li> </ul>

# The BA (Hons.) Economics Program

The Bachelor of Arts Honors program in Economics is a 3-year campus based program.

## Duration:

Three Years

## Program Structure:

Program is divided into 6 semesters spread over 3 years. There is a summer internship program embedded into curriculum at the end of second year to provide corporate exposure to the students.

## Eligibility:

Pass in Class XII or equivalent (any discipline) with 50% and above aggregate marks.

## Admission Process:

Admission is based on Merit and Personal Interview.

## Award of Degree:

Students who successfully complete the program are awarded The Bachelor of Arts (Hons) Degree in Economics by The ICAI University, Dehradun subject to University regulations.

# Teaching and Evaluation Methodology @ ICFAI Education School

ICFAI Education School believes in concentric learning approach that is specifically designed to facilitate 'learning for wisdom and understanding'. The approach adopted aims at imparting intellectual and creative skills to the learners in an integrated and well-processed manner. The educational methodology followed here is an optimal blend of innovative teaching approaches that strengthen the learners in the age of mounting competition. It includes the following:

## Classroom Instruction:

Students receive classroom instruction which help them to learn and consolidate their understanding of the Courses. Blended and Flipped Classroom are the pedagogical approaches which provide interactive learning environment for the learners.

## Independent Study:

Independent studies provide students opportunities to explore their interests deeper and develop critical analytical skills.

## Intensive Teaching Workshops:

Students undergo training in Intensive Teaching workshops that facilitate minds on learning, improving teaching effectiveness, interaction with students, class-room management and ensuring academic standards etc.

## Soft Skills Development

Soft Skills training is provided to students in order to develop strong leadership, delegation, teamwork and communication abilities which will help them in their overall personality development.

## IT Labs:

In the age of technological revolution, ICFAI Education School realizes the need to train its students on IT skills

through its specially designed IT Labs, which are equipped with latest hardware and software infrastructure. Round the clock internet facility is available for the students for continuous search of knowledge.

## Seminars:

Students are encouraged to take part in seminars on various topics related to education. The faculty evaluates these seminars and provides necessary inputs to the students for further improvement.

## Co-curricular Activities:

Co-curricular activities are organized every week to promote personal development, problem-solving, reasoning, critical thinking, creative thinking, communication, and collaborative abilities outside the classroom.

## Talk Fests:

ICFAI Education School has created a niche for itself in imparting quality Teacher Education through its Talk Fest Program. The objective behind Talkfest is to instill a research bent of mind among the students by helping them gain a pragmatic understanding of contemporary pedagogy.

## Mentoring Sessions:

ICFAI Education School believes in making its Pupil Teachers better

and effective listeners. Also helps in increasing social and academic confidence, developing strategies for dealing with both personal and academic issues.

## Assignments and Projects:

ICFAI Education School believes in promoting hands on learning among the Pupil Teachers through Assignments and Projects to reinforce or provide Pupil Teachers an opportunity to demonstrate what they have learned.

## Examinations:

Continuous Comprehensive Evaluation (CCE) system is adopted. The evaluation process serves to assess and certify students' understanding and their level of knowledge and skill.

## Teacher Internship Program:

The Teacher Internship Program forms an important component which is a simulation of real work environment. Preliminary School Engagement practical gives student teacher live experience to observe the functioning of school system and other duties and responsibilities.

## Case Study Project:

This approach helps the B.Ed. trainee to have an overall picture of the child's environment and to have an observation on child's health: physical, emotional and social development.

MGIEP (Mahatma Gandhi Institute of Education for peace and sustainable development).

- Published Papers in UGC Care and Scopus Indexed Journal

### Ms. Swati Raturi

- Published an article in an International Conference organized by London School of Management Education, United Kingdom, Research Book LSME-2023
- Published Papers in UGC Care and Scopus Indexed Journal

# The Ph.D Program (Full-time / Part-time)

Management | Science & Technology | Education | Law

The Ph.D. Program is designed for candidates interested in teaching and research. The key objective of the program is to develop researchers and scholars in the discipline of management, Science & Technology, Law and Education. The program fosters their academic and research interest in their respective areas. This helps the students, experienced executives and faculty members to develop quality skills teaching, research and consultancy. The Ph.D. program is rigorous and interdisciplinary. It is regularly updated, benchmarking the academic delivery against the best standards. The intensity of the program demands energy and zeal in pursuit of greater insight into the chosen topic and a willingness to master all essential components of academic research.

**Duration:** Ph.D (Full-time / Part-time): Minimum duration of Three years, including the course work and a maximum of six years.

**Eligibility:**

1 year/2 year master degree program with 55% marks in 4 year/ 3 year bachelor degree program respectively.

OR

4 year bachelor degree program with at least 75% marks in aggregate.

**Award:**

Students who successfully complete the program are awarded Doctor of Philosophy Degree by The ICFAI University, Dehradun subject to fulfillment of University regulations.

**Admission Procedure:**

Admission to the Ph.D. program (both formats) is based on Academic Record, Performance in the Entrance Test and Interview. Candidates with valid NET/SLET/GATE qualified are exempted from the Entrance Test

The test paper for each School will be of objective type, to be attempted in 2 hours.

The first part of the paper consists of Analytical reasoning & Research Methodology (20 marks)

The second part of the paper shall be based on the discipline selected by the candidate.

**Doctoral Fellowship:**

The students admitted in the Full-Time Ph.D. Program may be given a stipend of ₹ 15,000 (Rupees fifteen thousand only) per month, till the student successfully defends the Thesis proposal, subject to maximum of two years.

After successful defense of his/her Thesis proposal, the students will be paid a stipend of ₹ 20,000 (Rupees twenty thousand only) till the completion of his/her Ph.D. program or four years (48 months) from the date of commencement of the program, whichever is earlier.

A Contingency Grant of up to ₹ 20,000 (Rupees twenty thousand only) per academic year is also given to the student for four years, for attending conferences, Workshops, seminars, data collection etc. this is applicable from the time the student successfully clears his/her Pre-Ph.D. course work Phase.

# Program Structure for Ph.D Program

## Phase I - Course Work:

Semester - I	
<ul style="list-style-type: none"> <li>• Research Methodology</li> <li>• Research &amp; Publication Ethics</li> <li>• Literature Review Seminar</li> <li>• One paper related to the core area of discipline</li> </ul>	<ul style="list-style-type: none"> <li>• 4 Credits</li> <li>• 2 Credits</li> <li>• 3 Credits</li> <li>• 3 Credits</li> </ul>

**Phase II-** Preparation of Research Proposal

**Phase III-** Thesis Writing, Pre-Submission Seminar and Submission.

## Program Guidelines

**Publication Requirement:** Every student should publish at least two research papers in peer reviewed journal/ transact his/her area of doctoral research in a refereed journal before submission of the Thesis and produce evidence of the same in the form of acceptance letter or the reprint which is to be appended.

**Submission of the Ph.D. Thesis and Evaluation:** After submission of the Ph.D. Thesis in the prescribed format, it will be evaluated by a panel of examiners. If the panel is satisfied with the Thesis, Viva-Voce examination will be conducted and the student's performance is graded accordingly.

# Education Methodology

The education methodology adopted by The University encourages independent thinking and helps the students in developing holistic perspectives, strong domain knowledge, contemporary skill-sets and positive attitudes.

## Case-based Learning:

University uses the case method as an important teaching and evaluation tool. The case based learning is integrated as a dominant tool in the education methodology which reinforces the students' understanding of the concepts and their ability to apply them in real life and practical business situations. Case studies of reputed Indian and international companies are used which help the students to understand the complexities in various business, political, legal and social environments. The case study advantage is of life-long advantage for the students.

## IT Lab:

Assignments related to computers will require the students to spend significant time in the lab. All students will have access to well-equipped computer lab, for their practical work.

## Soft Skills Lab:

Special emphasis is given to impart soft skills to meet the corporate requirements. The exclusive design and the right mix of training processes help the students to add a new dimension to their personality.

## Summer Internship:

The Summer Internship enables the students to experience the rigor of business environment and combine

the concepts learnt in classroom with the real-life situations in organizations.

## Projects:

Students are encouraged to pursue live projects in each of the courses to enhance their learning by applying theoretical concepts to industry situations. This is done under the guidance of experienced faculty for proper focus and implementation.

## Evaluation:

Student performance in each course is assessed by means of continuous evaluation. Students are evaluated on the basis of assignments, presentations, seminars, case discussions, projects and tests.

# Student Life

Students organize and participate in extra-curricular activities such as sports, technical, social and cultural events. They also celebrate different regional festivals and national occasions. Several student activities are directed towards

extending the classroom learning experience. Such activities include organizing seminars on contemporary technology topics, publishing in-house magazines, organizing guest lectures, and participating in various inter-tech school competitions etc. Students also

participate in social service projects, such as organizing blood donation camps and environmental protection programs. Students indulge in both outdoor and indoor activities like Basketball, Volleyball, Cricket, Football, Badminton, Tennis, Carrom and Chess.

## Careers and Skills Development Center

The University gives utmost importance to assist students in getting suitable placements after successful completion of the program.

### Career and Skills Development Center:

Career and Skills Development Center (CSDC) wing at the University looks after the training and placement activities on a continuing basis. Staffed by senior professionals and placement executives, the team initiates and maintains the University-Industry dialogue and manages the summer internship program and final placement activities. The team evaluates student performance levels and ensures relevant preparation for their corporate placements. Working both at the supply and demand sides of the placement, the team plays the vital intermediary role of matching academic excellence and industry expectations and counseling the students appropriately.

### A Joint Effort:

The University believes that the entire placement exercise is a joint effort between the University and the students. While the University provides guidance, support and network with potential employers, the students have the responsibility to put in the maximum possible efforts to obtain suitable placements.

Placements depend upon not only the performance of student at degree level but also on previous academic record.

# Resources and Facilities

## Faculty:

The faculty brings their extensive knowledge, professional experience and advanced education to their task. The faculty members have very good academic backgrounds and sound conceptual knowledge in their respective disciplines.

## Computing Facilities:

The campus is provided with the necessary latest hardware and software infrastructure to cater to the computing needs of all students, faculty and the training needs of information technology related courses. It is equipped with Servers and terminals with multiple operating

systems enabling a Client - Server environment. High speed Internet connectivity is provided to all students.

## Library Facilities:

The campus has well-stocked library. Students have access to the finest selection of contemporary books and journals which supplement the prescribed reference books and textbooks. The library is augmented with books, periodicals, journals, magazines and other publications on a regular basis.

## Seminars:

Students may participate in seminars on different topics and make

presentations of the same in the class. These are done under the guidance of the faculty to hone the reading, summarizing and presentation skills of the students apart from inculcating the reading habit in students.

## Guest Lectures:

Eminent academicians and practicing professionals are invited for guest lectures. Students get an opportunity to interact closely with them and understand the practical applications of various management concepts and ideas pertaining to management, law and science & technology.

# Co-curricular Activities Alumni Society

**Students are encouraged to organize, manage & participate in several co-curricular activities like:**

- Group Discussions
- Games
- Management Games
- Elocution
- Seminars
- Debating
- Industrial Visits
- Quizzes
- Sports Meets
- Skits & Plays
- Cultural Meets
- T-Group Sessions
- Management Fora
- Publications/Magazines
- Social Service
- Blood Donation
- Alumni Meets
- Business Plan Competitions

**These co-curricular activities help them to:**

- Improve communication skills
- Develop the right kind of attitude
- Enhance leadership qualities and abilities
- Manage stress levels
- Refine interpersonal skills
- Emerge as team players
- Develop group skills

## Alumni Society

The University has established an Alumni Society. All students are required to seek membership in the society.

The provisional membership in the alumni body entitles the students to participate in seminars, workshops, conferences and local chapter activities organized by the society.

## The ICFAI University Clubs

The ICFAI University, Dehradun is running various in house clubs for the overall grooming & development of students. The Clubs are created to hone the inner talent of the students.

All the Clubs organize Innovative, diverse and intelligent interactive sessions and various Activities / Competitions. These activities are conducted to nurture in each student the feeling of self-confidence and to build team spirit and leadership skills among the students. Students are encouraged to participate in diverse range of activities to develop their potential.

The different Clubs details with the Club Faculty In charge names are as follows

# Dehradun - An Education Hub

Dehradun has been the most happening city in the country with very high per capita income, establishment of Software Technology Parks of India (STPI) and various SEZs (special economic zones) throughout the city. Dehradun has been home to India's elite educational institutions namely The Doon School, Welhams School, St. Joseph's Academy, St. Thomas' College, Indian Military Academy, etc., and as such is a major education hub in India.

Since ages, Dehradun has been a major tourist attraction with beautiful mountains, mesmerizing valleys, forests and scenic locales. During the last 15 years, Dehradun has emerged as a center for Retail market in North India. Malls and multiplexes like Pacific Mall, Cross Road Mall, Glitz Cinemas, Vikas Mall, Silvercity Multiplex etc., have opened and they are getting a huge response from the city. In terms of connectivity, Dehradun is well-connected with all the places in India.

The food habits in Dehradun are generally of the north Indian type and have a lot of variety. The city being a cosmopolitan place, it caters to

different people and their varied food habits. The culture of Dehradun has played a key role in the development of the city which weaves together its cuisine, festivals, music, literature and art, making it stand out distinctively. Fairs and festivals are the best way to display the rich culture in Dehradun. A few of the major festivals and fairs in Dehradun are Jhanda Fair, Tapkeshwar Fair, Bissu Fair and Uttarakhand Mahotsav. Sports and outdoor adventure activities also contribute to the city's character. The city along with Auli, recently hosted the South Asian Winter Games.

The ICFAI University, Dehradun campus is in the vicinity of majestic Himalayas and tranquil Shivalik ranges. It represents cultural diversity of India as its students are from all parts of the country. University organizes and participates through its students and faculty in almost all the festivals, fairs, functions and sports events held in Dehradun. The students of the University, apart from academics are exposed to various regional, cultural and sports activities.
