# THE ICAI UNIVERSITY

## Alumni Speak

*My time at the ICAI University Dehradun was an experience all together and I cherish the five years that I got to spend in the University. The discussions in the classroom, the one on one interaction with Professors, the debates and the moot courts have all substantially contributed to not only my understanding of the subject, but has also helped me understand how important it is to look at the context whenever we study 'Law' and how we cannot isolate one from the other. I am also thankful to the Professors and seniors who have always encouraged me to pursue and to push beyond what I think I was capable of. All the best to all the students who have newly joined this University.*
