ICFAI TECH SCHOL

ICFAI Tech School is a constituent of The ICFAI University, Dehradun. It offers cutting-edge technology programs at UG, PG and Doctoral levels namely B.Tech. (CSE, DS & AI, BD & DA, ME, CE, ECE, Mechatronics), B.Sc. (Data Science), BSc. (Hons.) Mathematics, Diploma BCA, MCA, M.Tech. and Ph.D.

Major Features

ICFAI Tech School uses latest technology in its teaching methodology. Technology is entirely integrated into its teaching process and its usage is maximized through the most contemporary workshops and labs.

Advanced Centers

- ✓ **Centre for Machine Learning & Artificial Intelligence**
- • The Center facilitates the students to learn and develop automation systems by using AI and ML technology.

- ✓ **3D Printing Technology**
- • This trending technology facilitates imparting knowledge about 3D technology

- ✓ **Advanced Computing Lab**
- • Advanced Computing Lab is a facility available in Computer Science Engineering Department wherein all students, researcher and faculty Members can work on advanced computational tools. The users are encouraged to learn, practice and apply the knowledge gained into their research areas.
✓ **Texas Instrument (Lab) by Texas Incorporation, USA**
- This facilitates imparting knowledge about Wi-Fi Technology and Internet of Things (IoT)

ICFAI Tech School Placement Success Story

ICFAI Tech School has achieved tremendous placements for the B.Tech Batch 2019-23. The approximate placement percentage is about 87% including core and IT Companies. **Mr. Anubhav Girdhar from CSE achieve highest pay package of 5.75 LPA. Many students got multiple job offers.**

Placement Department of ICFAI Tech School is working round the year to bring new corporate into the pool to conduct the internship and the placement drives for the students.

Internship Programs

There are two Internship Programs: IP-I of two months duration, implemented during the summer following the second year of study, and IP-II of five and a half months duration, implemented in either the VII Semester or the VIII Semester, during the final year.

The Internship Program offers several benefits to all the three partners in the conduct of the programs, viz., the students, the external organization and the University:

✓ **Benefits to the Students:**

‣ Opportunity to work on real-life problems in actual working conditions
‣ Development of useful work-related skills
‣ Enhanced placement opportunities
‣ Opportunity to earn while learning

✓ **Industry Networking:**

ICFAI Tech School networks with several leading organizations to provide its students practical exposure in the form of projects and internships. Experts from a wide range of companies regularly deliver guest lectures and serve as members of advisory boards. These associations help ICFAI Tech School students in getting suitable final placements.

ICFAI EDUCATION SCHOOL

The ICFAI Education School (IEdS) is a constituent of "The ICFAI University", Dehradun, established in 2006 to promote quality education, research, training and consultation in teaching and training. The ICFAI Education School produces well-trained, dedicated and competent teachers. The B.Ed. Programme of IEdS is approved by the National Council for Teacher Education.

Unique Features of ICFAI Education School

- ✓ 100% Placement Record since 2006
- ✓ Unique Teacher Internship Program
- ✓ Flexibility in Attendance
- ✓ Weekly CTET/ UTET/NET Classes
- ✓ Creativity in Teaching
- ✓ Bilingual Method of Teaching
- ✓ Weekly Students' Seminars
- ✓ Weekly Co-curricular Activities
- ✓ Talk Fests, Guest Lectures, Seminars, Webinars etc.

ICFAI BUSINESS SCHOOL

ICFAI Business School (IBS) is a constituent of The ICFAI University, Dehradun. IBS offers management programs with latest pedagogy at UG, PG & Doctoral levels namely BBA, BBA (FIA), B.Com (Hons.), BA (Hons.) Economics, MBA and Ph.D. respectively at The ICFAI University, Dehradun. IBS is focused on creating the leaders of tomorrow

Unique Features of ICFAI Business School

✓ **Case Study Focus:**

ICFAI Business School (IBS), Dehradun uses the case method as a very important teaching and evaluation tool. The case based learning is integrated as a dominant tool in the education methodology which reinforces the students' understanding of the concepts and their ability to apply them in real life and practical business situations. To be an effective professional, the student has to think and act like one. Case studies of reputed Indian and international companies are used. These cases help students understand the complexities in various business, political, legal and social environments.

✓ **Case based Learning helps:**

- Develop skills in problem solving and decision making in complex business situations
- Gain confidence in handling dynamic situations
- Acquire valuable experiential learning that simulates the business environment in a classroom.

Learning through cases is like learning by doing. What one learns by doing, one remembers for a longtime? The case study advantage offered by IBS is a life-long advantage for the students.

✓ **Summer Internship:**

The Summer Internships are undertaken after the second semester onwards and are faculty supervised. They enable the students to experience the rigor of business environment and combine the concepts learnt in classroom with the real-life situations in organizations. The broad objectives of summer internship are:

- To provide students with opportunities to apply the concepts learnt in the classroom to real life situations.
- To sensitize students to the nuances of a work place by assigning time bound projects in a company.
- To provide students a platform to work and develop a network which will be useful to enhance their career prospects.

✓ **Industry Interaction:**

IBS consciously encourages industry interaction with a wide cross section of professionals in the industry. Summer Projects, industry interaction programs, guest lectures, seminars etc., organized in association with the industry offer students an opportunity to exhibit their organizational and communication skills, analytical abilities and awareness of contemporary issues to leading recruiters.

ICFAI LAW SCHOOL

ICFAI Law School, a constituent of the ICFAI University, Dehradun is established with an objective of developing a new generation of legal professionals through comprehensive as well as contemporary body of knowledge integrating law with Management/ Humanities to provide students with analytical, world class, innovative and socially relevant, career oriented, quality legal education through inclusive technology aided pedagogies and research, in order to produce a vibrant community of legal professionals.

The ICFAI Law School, Dehradun Ranked 2nd in the Category of "Top Law School Under Private Universities in Uttarakhand" and Rank 10th in the Category of "Top Law School Under Private Universities in North India Zone" by Open Magazine Top Law School Ranking 2022. The ICFAI Law School, Dehradun Ranked 22nd among best law college of India 13th among best private Engineering college of India, 6th best Private college in north zone by the Week Hansa Research Law College ranking 2022, Ranked 14th among Top 30 Private Law Colleges In India by Outlook-ICARE Rankings 2022 and Ranked 5th among Top Law Schools of Super Excellence & 1st in Uttarakhand (Govt. & Pvt. Law Schools) by CSR-GHRDC Survey 2022. Also Ranked 38th among Top Laws College in India by Career 360, 2022 and Ranked 30th by India Today-MDRA Best College Ranking 2022

UNIQUE FEATURES OF ICFAI LAW SCHOOL

- ✓ **Strong Curriculum**
- ✓ **Multiple Hons. Programs**
- ✓ **Elective Courses**
- ✓ **Experienced Faculty**
- ✓ **Resources and Facilities**
- ✓ **Strong Alumni Network**
- ✓ **Exquisite Student Life**

CENTRES OF EXCELLENCE

- ✓ **Moot Court Committee**

Moot Court activity is a part of clinical legal training which enables the students to gain practical experience, improve analytical reasoning, legal aptitude, and presentation and communication skills. The moot courts help the students understand bar and bench relationship. It helps the students to inculcate good court-room techniques, processes and discipline.

✓ Youth Parliament Society

Holistic development of the students the Youth Parliament Society (YPS) strives to provide a platform for the students to enhance their skills in it speaking, researching, writing, etc. YPS motivates students to participate in various competitions such as Parliamentary Debates, Model United Nations, Essay writing, Seminars, etc. This promotes a culture of research, debating, to ask questions, to solve problems, everything that is expected from law students.

✓ Legal Aid Forum

The importance of Legal Aid and Awareness Campaigns as a mechanism for social progress is something that has been repeatedly stressed upon by the Government of India. In the backdrop of Poverty and Inequality, Legal Aid is an effective way towards attainment of the ideals of 'Social, Economic and Political' Justice that are enshrined in our Constitution under the Directive Principles of State Policy. The **ICFAI Legal Aid Forum** is a platform where the indigent and vulnerable groups have equitable access to justice. The ICFAI 'Legal Aid Cell' is committed to promote and support the provision of accessible and quality legal aid services and to disseminate the legal awareness and legal literacy among the masses at the lower strata of the society.

✓ **Centre for Environmental Law, Policy, Education and Development**

The Centre was established in September, 2020 with the motto to focus on research and policy advocacy in the field of environmental law, for utilizing power of law to protect the environment, promote human rights and ensure a just and sustainable society. CELPED is committed to fostering an evidence-based conversation about how to ensure a clean and sustainable environment for a growing India. It is an initiative for the propagation and advancement of legal education and research in the field of Environmental Law.

✓ **Centre for Excellence in Alternate Dispute Resolution Law**

The Centre for Excellence Alternate Dispute Resolution (ADR) Law focuses on providing students, Academicians and the community awareness on the relevance of ADR in resolving disputes. The Centre aims to provide legal assistance to the needy by helping them resolve their dispute amicably through this contemporary mechanism of dispute resolution. It also the

✓ **The Centre for Cyber Law and Innovation**

The Centre for Cyber Law and Innovation focuses on providing legal services and consultancy in Internet-based transactions. The Centre aims to create awareness about the emerging technologies, cyber-crimes and existing laws for combating the same. It also aims to provide law students and the public with educational resources and analyses of policy issues at the intersection of law, technology and public interest.

✓ **Centre for Corporate Law & Governance**

The Centre aims to encourage education and research-oriented studies in the field of Corporate Law & Governance. The focus of the Centre is to venture into new projects, which will announce the convergence of academia and expert insights on various matters on Corporate Law concerning the future. The goal of the Centre is to support advocacy, research and policy-oriented discussions in the areas of Corporate Law and Governance.

✓ **Centre for Human Rights and Humanitarian Law**

The Centre for Human Rights and Humanitarian Law focuses on providing students, academicians and the community with a locus of intellectual and physical resources for engaging critically with how law impacts upon some of the compelling social problems. The Centre aims to provide legal assistance to the vulnerable groups who have been legally, socially or economically exploited and discriminated. It also aims to train the law students and the community at large about on the existing challenges of the pluralistic society and the rising conflicts and tensions in the name of pluralistic loyalties to caste, religion, region and culture.
✓ **Centre for Excellence in Clinical Legal Education and Skill Development**

The objective the center is to promote excellence in Clinical Legal education, to develop basic knowledge in the field of Advocacy, to create awareness among the students regarding the current development in the legal profession, to enhance the skills of the students in the field of advocacy and to bridge the gap between theory and practice, to encourage the participation of the students in various clinical activities, e.g. trial advocacy, etc., to create a new career-oriented platform for IUD Students. The future plan of action is to ensure the training of law students in respect of different legal arenas through webinars/Seminars/Conferences/Workshops/Guest Lectures for disseminating and enhancing knowledge in legal education and conducting various activities to imbibe skills among students.

✓ **Centre for Constitutional Law**

The center also strives to increase academic knowledge of the subject by bringing together academicians, students and other dignitaries in a single dedicated forum. The center aspires to become a platform for everyone who wishes to turn their constitutional ideas into practical solutions.

INTERNSHIP PROGRAMS

The internship forms an important component of Law programs at ICFAI Law School to bridge the gap between the professional world and academic institutions. Internship has been clearly defined, structured and institutionalized to give students a three sixty degree learning of application of law. During the internships the students are encouraged to take up assignments, which are multi-disciplinary, goal oriented, time bound and involves teamwork.

The Program structure is subject to change (if required).

Open Elective I (V and VI Semester)			
Open Elective I (V Semester)			
Course Title	**L**	**P**	**U**
Advanced Java	3	0	3
Advanced Computer Architecture	3	0	3
Parallel Computing	3	0	3
Blockchain Technology	3	0	3
Open Elective I (VI Semester)			
Social Network Analysis	3	0	3
Real Time Systems	3	0	3
Human Computer Interface	3	0	3
Combinatorial Optimization	3	0	3

Humanities Electives I (VII/VIII Semester)			
Course Title	**L**	**P**	**U**
Social Innovation	3	0	3

Discipline Elective (VII/VIII Semester)			
Machine Learning			
Course Title	**L**	**P**	**U**
Deep Learning	3	0	3
Natural Language Processing	3	0	3
Information retrieval	3	0	3
Pattern Recognition	3	0	3

Cyber Security			
Course Title	L	P	U
Ethical Hacking	3	0	3
Information Security	3	0	3
IoT Security	3	0	3
Cyber Security	3	0	3

Networks			
Course Title	L	P	U
Wireless Networks	3	0	3
Network Administration	3	0	3
Network Security	3	0	3
AI in Wireless Communications	3	0	3

Advanced Computing			
Course Title	L	P	U
High Performance Computing	3	0	3
Advanced Computer Architecture	3	0	3
Multicore Architecture	3	0	3
Parallel Computing	3	0	3

Database			
Course Title	L	P	U
Database Administration	3	0	3
SQL & DB Applications	3	0	3
Database Security & Privacy	3	0	3
Data Wrangling	3	0	3

2.1.2 B.Tech. (Data Science & Artificial Intelligence Engineering) 2023-27

Year	Semester-I	L	P	U	Semester-II	L	P	U
I	Chemistry	3	0	3	Thermodynamics	3	0	3
	English Language Skills	3	0	3	Probability & Statistics	3	0	3
	Linear Algebra	3	0	3	Higher Calculus	3	0	3
	Physics I	3	0	3	Physics II	3	0	3
	Engineering Graphics	2	4	4	Scientific Measurements	0	4	2
	Computer Programming I	3	0	3	Digital Fabrication	2	4	4
	Environmental Science	2	0	2	Computer Programming II	3	0	3
	Total No of Credits			**21**	**Total No of Credits**			**21**
II	**Semester-III**				**Semester-IV**			
	Introduction to Electrical and Electronics Sciences	3	2	4	Digital Signal Processing	3	0	3
	Introduction to DS and AI	2	2	3	computer Organization and Architecture	3	0	3
	Design and Analysis of Algorithms	3	0	3	Professional Communication	3	0	3

NOTE:

1. Any of the Hons. /Elective subjects may not be offered to the students if the teaching facility for such a subject is not available or does not exist at IUD campus.

2. No student shall be allowed to change his/ her Hons. /Elective subject except during the two weeks of commencement of teaching.

PART 3

ACADEMIC REGULATIONS

PART 3 ACADEMIC REGULATIONS

3.1 General

These regulations apply to all the UG & PG programs of the University. Every Academic Year shall be divided into two semesters known as the Odd (First) Semester and the Even (Second) Semester, and a term (known as Summer Term).

The Student Handbook for each program provides general information on the operational features of the program and the students' conduct on the campus. However, the same would not be a substitute of the Academic Regulations.

The entry qualification for the undergraduate programs is a pass at the 10+2 with an appropriate percentage in aggregate as may be prescribed for each program. Students, whose 10+2 results have not been declared at the time of admission, are given Provisional Admission to the Program. The admission is subject to their submitting proof of clearing the prescribed eligibility criteria for admission on or before the specified date for each program. If a provisionally admitted student fails to submit the proof of completion of the above criteria on or before the specified date, his/her admission to the program shall stand cancelled and the student will cease to be on the rolls of University and will not be permitted to participate in any activity of the University.

The prescribed program is defined as the whole series of courses required of students that unfold as a package of courses in the requisite number of semesters. The prescribed semester courses are those that appear in each of these semesters. Each course is a defined module of knowledge in the area specified through the course content.

The program of studies leading to the award of a degree consists of the prescribed courses sequentially distributed over the required number of semesters known as Semester- wise Pattern. Each program has a normal duration indicated either in the Student Handbook or prescribed by an appropriate authority. The eligibility for a degree is determined on the basis of number of courses or units completed. While the regulation stipulates certain minimum number of units for each program, for actual requirement of any program the Student Handbook or appropriate authority has to be consulted.

A unit is a convenient device to anticipate the number of hours per week of the total effort a student has to put in a course, including the class work. The total number of hours of work per week for each unit is approximately three. Each course is associated with a number of units.

3.2 Structure of the Degree Programs

The various courses prescribed for a program of studies may be categorized in terms of their academics affinity or their functional objectives. Depending on the overall educational goals of program, it is possible to have fixed named courses in a particular category and to have fixed number of electives.

The category called Elective is conceptually different and operationally wider. For each program there is a specific number of electives which the student is required to take, but can choose from across the courses offered.

For each program the number of electives required to be taken by a student will be prescribed through the Student Handbook.

Once a student is declared to have fulfilled the requirements of graduation except Internship Program II and/or Thesis- Seminar, he/she cannot stay back to take any additional electives.

The courses in each program, outside the elective category are defined as named courses, since they have already been specified in the semester-wise patterns given in the Student Handbook. The electives are, on the other hand, selected by the student himself from outside the named courses in his program.

The structure contains a category of courses, such as Internship Program (IP) or Thesis- Seminar (TS), which attempts a synthesis of preceding courses as well as their applications. They carry large number of units and are to be exclusively pursued full- time throughout the allotted period. There is no provision for taking any other courses along with these courses.

The semester-wise pattern, consisting of the prescribed courses sequentially distributed over the required number of semesters, leads to the particular degree. This contains a prescribed number of courses in each semester, planned for an anticipated normal progress through the program. This number is called the normal load for that semester of the program.

3.2.1 Registration

As described earlier, every student admitted to the Institution must pursue the prescribed degree program consisting of a set of courses in successive semesters. Due to various structural flexibilities provided, the semester courses are not always predetermined. One of the objectives of the registration process is to specify the courses at the beginning of each semester after allowing for the students' options and working out the permissible details within the limits prescribed by the rules and the announced timetable for the semester.

Registration for the semester for every student, whether newly admitted or already on rolls will be at the beginning of every semester on the dates announced. Every student is required to register for his semester program and to get his registration completed properly is his own responsibility, failing which he shall not be permitted to attend any classes or use any facilities of the Institute during that semester.

The first registration in a semester for a student is called the original registration.

A student is not permitted to register in a semester/term, if

1. The student has dues outstanding to the Institution, hostel, or any recognized organ of the Institution.
2. The student's grade sheet in the immediately preceding semester is withheld.
3. The student has an Incomplete (I) report in the immediately preceding semester.
4. The student has been specifically asked to stay away from that semester.
5. The student has failed to convert the provisional admission into a regular admission by the specified date.

Registration in certain courses, like IP, may be permitted even if the result of the preceding semester is

not available due to small gap between the end of the previous semester and the start of the IP, but the same will be subject to cancellation without notice if the student is found to be defaulting from any of the conditions mentioned above in 3.2.1.

Certain courses have prerequisite conditions attached to them. Before registering in a course, the student should have fulfilled the prerequisite conditions. If the prerequisite is a course then the student should have a valid grade, not a report, in the prerequisite course.

A specified prior preparation is required for certain courses or a group of courses. These requirements are described in the respective handbook for each program.

A student may at his own responsibility depart from his prescribed semester courses (PSC), when feasible and permissible in these regulations. A student with an intelligent understanding of these rules can make a plan to graduate earlier or later than the normal time.

A student departs from his PSC whenever,

(i)	He repeats a course he had already cleared before the PSC
(ii)	takes a course which appears later than the PSC
(iii)	Drops a course from PSC
(iv)	Takes a course from backlog
(v)	Decides to take the electives earlier or later than where they are located in his program.

If a student has backlog, that is the named courses of the preceding PSC's not cleared by him, then while registering he should register first for all those backlog courses which are available in that semester and have no timetable clash. Electives are not included in the package of backlog courses.

If the Institute facilities permit, a student who i still in the process of completing the requirement of a degree, may, at his own option, repeat, with a view to improving his grade, a course which he has already cleared, provided the course is currently being offered. A student can repeat a course provided he does not have any backlog. He may be allowed to repeat a course only after the full component of backlog courses and the full   component of PSC has been registered for in the semester. A student cannot stay back after completing the requirements of graduation only to repeat courses. The courses like IP, TS, and project courses cannot be repeated except when the Academic Counseling Committee (ACC) requires a student to register again.

Registering in a course that appears later than the PSC is possible only after the full component of backlog, if any, and the full component of the PSC has been registered for in the semester.

With a view of planning his entire quota of courses under the category of electives, a student may, at his own responsibility, delay or advance taking the electives with reference to their prescribed appearance in the semester-wise pattern.

In an unusual circumstance, the Director/Principal may permit late registration of a student. A student whose request for late registration has been accepted will be permitted to register on the specified date, normally one week from the date of original registration, on payment of such late fees as may be prescribed from time to time. Further extension of time will not be granted. Students requesting for late registration will have to apply for the permission prior to the date of original registration.

The registration in a semester, when altered at the initiative of a student will be called an amended registration and will be covered by the conditions listed below.

i)   Any time within two weeks from the beginning of the semester, a student may request for substitution of a course, in which he has already registered, by another course being offered during that semester.

ii)   If a student desires to withdraw from a course, he may submit a formal application for withdrawal from the course within ten weeks from the beginning of the semester.

iii)   In exceptional circumstances, a student may be permitted to completely withdraw from all courses and drop the semester when the Director/Principal is satisfied as to the genuineness of the circumstances.

iv)   A student who has come under the purview of ACC ceases to have any initiatives in the amendment of his original registration. When any alteration in the original registration is called for, it will be done entirely at the discretion of the ACC.

The revision of original/amended registration can be caused by concerned authority any time during the semester/term as per the details listed below.

i)   If the registration of a student in a course is found to be not in accordance with the regulations, his registration in that course will be cancelled and the grade obtained, if any, will be rejected.

ii)   The registration of a student in a course or completed set of courses in a semester can be revised through the instrument of RC by the concerned authority, when the student is found guilty in cases of unfair means, breach of discipline, etc., or when he persistently and deliberately does not clear his dues.

iii)   Concerned authority may cause a revision of registration already done by cancelling registration in all courses, when the student ceases to be on the rolls of the Institute by his own action or by the action of the Institute.

iv)   ACC may cause a revision of registration already done of a student who is under its purview.

v)   Concerned authority may cause a revision of registration already done by cancellation of the IP option through the instrument of RRA/DP.

vi)   The registration already done may be revised by the concerned authority by allowing a student to register in additional courses or by canceling the registration of a course in which the student has already registered, when the situation warrants.

vii)   A student is considered to be on the rolls of the institute for a semester if

        a.   He is duly registered in the semester

        b.   Has been permitted, after registration, to withdraw from the semester

        c.   Has been given prior permission to stay away for the semester

        d.   Has been asked to stay away from the Institute for the semester.

When a student, who has been permitted to stay away from the Institute for a semester or more, comes back, his subsequent program would be normally governed by the then current academic structure and regulations.

When a student fails to register in a semester without any prior permission to stay away, his name would be struck off the rolls of the Institute and he would no longer be a student of the Institute. His case will

be closed. If, however, such a person, after his name has been struck off the rolls of the Institute, is permitted to come back, his case can be treated with the provision that all his previous records as a former student are revived under the current structure, regulations and schedule of fees.

3.2.2 Teaching and Evaluation

The objective of classroom education is to awaken the curiosity of the student, generate habits of rational thinking in him, gear his mind to face the unfamiliar and train him to stand on his own. Classroom instruction helps the student in the organization and correlation of facts, comprehension of ideas and the creative use of knowledge.

The teacher also has the added responsibility to make the student search for knowledge on his own and induce him to use additional facilities like the library, laboratory and the environment, to optimize his learning process. Self-study by the student would therefore form an important factor in the planning of teaching and evaluation. The student is required to cooperate and respond to this challenge.

Every course whether single-section or multi-section is conducted by a member of the faculty called instructor-in-charge, with the assistance, wherever necessary, of the required number of instructors who will be partners with him in meeting the full academic perceptions and organizational needs of teaching the course and evaluating the students. Wherever the instructor-in- charge is mentioned hereafter, it connotes the team of instructors, acting as one entity under his captainship. The instructor-in-charge should make a comprehensive plan in respect of conducting the course even before the semester begins. In a multi-section course, all instructors must remain in continuous interaction in order to ensure a smooth operation of the course. While recognizing variations due to personal attitudes and styles, it is important that these are smoothened out so that the operation and grading in different sections in a course, indeed between courses across the Institute, are free from any seeming arbitrariness.

At the beginning of class work, the instructor- in-charge/instructor must announce to his class/section through a Course Handout, the necessary information in respect of (i) the operations of the course (its pace, coverage and level of treatment, textbooks and other reading assignments, home tasks etc); (ii) various components of evaluation, such as tutorials, laboratory exercises, home assignment, several quizzes/ tests / examinations (announced or unannounced, open book or closed book), regularity of attendance, etc. (iii) the frequency, duration, tentative schedule, relative weightage etc., of these various components; (iv) the broad policy which governs decisions about make-up; (v) mid- semester grading; (vi) grading procedure (overall basis, review of border line cases, effect of class average etc) (vii) Chamber consultation hours and (viii) other matters found desirable and relevant.

Teaching and evaluation form a unity of functions and operate in a climate of mutual understanding and trust. The different components of evaluation should be evenly spread out in the semester and would aim to draw out response from the students in regard to various attributes like spontaneous recall, ability to apply known concepts, capacity to work on his own, competence in conceptualized arguments, ability to face unknown situations etc. At least one of the components (examination) must be comprehensive enough to include the whole course and will be held at the end of the semester.

All written examinations are conducted at specified venues as per the pre-specified schedules. Examination schedules are announced to the students through course handouts and /or student circulars. The written examinations may consists of various types of question such as multiple- choice questions, problems, short-answer questions, descriptive answer questions may vary depending on the nature of the course. The components and the instruments of evaluation in certain courses like IP, Thesis, Seminar, etc., would follow a different regimen and methodology.

Just as evaluation is done in continues manner, feedback should also be available in a continuous manner. Thus, the answer scripts must be promptly evaluated, shown to the students for them to obtain any clarification on their performance and returned to the students whenever practical. The performance of the students in the examinations should be discussed in the class giving as much details as possible like the highest, lowest and average performances.

Mid semester interim grading for each course will be announced to the students to facilitate them to know their current position relative to other students in that particular course. This grade alert may help the student improve his performance in the remaining components of evaluation.
It shall be the responsibility of the individual student to attend all classes and to take prescribed quizzes, tests, examinations, etc., and to submit, properly and promptly all homework.

A student must normally maintain a minimum of 75% attendance in each of the campus-based courses without which he shall be disqualified from appearing in the respective examinations.
If a student does not maintain requisite attendance by the end of the semester, his registration in that particular course may be cancelled and he would be required to repeat the course. No Makeup is given in any circumstances; hence student is advised to maintain 75% attendance.

The attendance requirements in the Internship Program (IP) courses conducted at other organizations are more stringent. During these courses 100% attendance is compulsory. However, in genuine cases, the resident faculty member may consider and recommend a few days leave of absence for the approval of the appropriate authority, whose decision would be final in such a matter. During Internship Program, every student must conform to the rules and regulations of the host organization. Any unprofessional behavior, misconduct, indiscipline, irregularity at work or unsatisfactory performance would lead to the cancellation of registration in the course.

No Makeup is given in any circumstances; hence student is advised to maintain 75% attendance. At the conclusion of the semester a student is awarded a grade in each of the courses he has taken during that period. The grade awarded to a student in a course will depend on his total performance in all the components of evaluation as designed by the instructor-in-charge and relative to the Performance of all the students evaluated for that course.
The instructor-in-charge is responsible for holding the examinations, awarding final grades and transmitting the grades/reports to the authorities within the deadline set by him.

The list of letter grades, the grade points associated with them and their qualitative meanings are given below.

Letter Grade	Qualitative Meaning	Grade Points attached
A	Excellent	10
B	Good	8
C	Fair	6
D	Poor	4
E	Exposed	2

When a student takes up Thesis/Seminar courses in place of Internship Program (wherever such provision exists), he gets non-letter grades such as Excellent, Good, Fair, or Poor. These non-letter grades have no grade points attached with them.

At the end of the course, in certain situations, the instructor-in-charge may report certain events/facts in suitable words, in place of grades discussed earlier. These reports are not to be construed as grades. The various reports listed below are elaborated in the subsequent clauses.

   I.   Incomplete (I)
   II.   Grade Awaited (GA)
   III. Withdrawn (W)
   IV. Registration Cancelled (RC)
   V.   Required to Register Again (RRA),
   VI. Discontinued from the Program (DP)
   VII. Not Cleared (NC).

If the instructor-in-charge finds a student to have not fulfilled some of the requirements of a course before the final deadline for Transmitting the grade, and he is satisfied that he is able to transmit some grade or a report with or without this particular fulfillment, but at his discretion wishes to give the student an opportunity, he may, within the deadline, send a report 'I' (Incomplete) and also inform the student of the same. It shall be the responsibility of the student to contact the instructor-in-charge in time for replacement of the 'I' report within two weeks after the end of the semester (and within one week after the end of summer term, for a summer term course) which may be relaxed by the Principal, failing which the instructor-in-charge will communicate whatever grade/report is possible for the situation. Whenever such relaxation is made, the Principal will specify at his discretion, with the consent of the instructor-in-charge, the date by which 'I' report has to be converted.

The requirement envisaged must be completed within the time allowed. If the extra time given goes beyond the registration in the next semester/term is not possible. The student in such a situation should seek permission to stay away.

There are many situations where operational and practical difficulties may cause a delay in the

communication of a grade. Certain situation which are visualized in this connection are: (i) where a case of unfair means is pending; (ii) where a case of indiscipline is pending, and (iii) where the courses are being conducted at an off campus center for IP students, where precise co-ordination between the Institute and these centers may not work out in a timely manner. In these circumstances the Principal may authorize the instructor-in-charge to report GA (Grades Awaited). It shall be the responsibility of the instructor-in-charge to replace GA report by a letter grade or another report within the specified time. Whenever the GA report appears in the grade sheet, permission for further registration of such a student shall be at the discretion of the concerned Principal.

Whenever a student is allowed to withdraw from a course, the same is recorded in his grade sheet as W (Withdrawn). The student will have to register for the course when it is offered next and obtain a valid letter grade. If the course with 'W' report is a prerequisite course for another course, the registration to the course is possible only on obtaining a valid letter grade in the prerequisite course with 'W' report. No withdrawal is possible without the approval of the concerned authority.

Where a student's registration for a course has to be cancelled, this fact will be reported in the grade sheet as RC (Registration Cancelled). An event will be reported as RC in the following cases:

1. Cancellation is recommended as a part of disciplinary action for resorting to unfair means during examination or other unprofessional behavior.

2. A provisionally admitted student fails to submit the proof of necessary documents required for registration and / or does not satisfy the minimum eligibility requirements for the admission within the prescribed time limit.

3. When a student persistently and/or deliberately does not pay off his dues. RC itself has many meanings and may be reported as the following:

   a) RC1: Registration cancelled and attendance has not met the attendance criteria for appearing in End-Term Examination, when it is clearly known that the student will be required to register again in the same course, the event will be reported as RRA (Required to Register Again).

   b) RC2: Registration cancelled due to using UFM during Examination.

   c) If RC amounts to discontinuation from the program it will be reported as DP (Discontinued from the Program).

   d) If the cancellation of registration is not reported either as RRA or as DP but is reported as RC, it does not necessarily mean that it is free from any constraint. The meaning of the constraint has to be construed from the context in which the RC is reported.

If a student continued to remain registered in a course but gave the instructor inadequate opportunity to evaluate him by absenting himself from quizzes /tests / examinations / other components of evaluation, or by appearing in the same for the sake of appearance without applying himself to the task in hand or by submitting a blank script (answer book), or has less than the minimum attendance required, this event would be reported as RRA (Required to register again).

Whenever a student gets an NC report in a course irrespective of whether he has a grade in the course or not earlier to this event, the following will govern further action. It is to be noted that an NC cannot be ignored, except under the situations described in (b) and (c) below:

a) Whenever a student gets an NC report in a course which is in the compulsory package of his program, he is required to register again in the same course and get a valid grade therein.

b) If a student has an NC report in a course taken as elective, he can either repeat the course to get a valid grade or ignore it to choose another course. However, a student must get valid grades in at least the prescribed number of electives in his program.

c) Whenever a student's record has an NC in a course which remains unaccounted after a process of transfer has been completed, it will not be possible for him to wipe out the NC report in such a course because this course is not a part of his program anymore; and he can graduate with this NC.

d) If a student is reported NC in a project course, it will be administratively converted to RC by the Principal and future registration in project courses will be done only if the Principal is satisfied with the genuineness of the candidate's interest in the course.

e) If a student is reported NC in Thesis or Seminar, he will be required to register in the same for one more semester. Operationally, this is to be achieved by requiring him to register once again in as many units of Thesis or Seminar in which he had registered when he was awarded NC. If these two courses get separated due to NC in one of them, there is no need to register in the other.

f) If a student has already met the attendance criterion for appearing in the comprehensive exam then he/she will not be required to attend classes to re-appear in the comprehensive examination for grade improvement or for any other reason. The student can take exam by self-study. In this case, his internal marks and mid-tem marks obtained in the first registration will remain unchanged. Accordingly, NC/GI/RC2 (RC2: Registration cancelled due to using UFM during Examination) cases would fall in this category.

g) A student who has not satisfied the criterion of attendance for appearing in comprehensive exam would be required to attend the Summer/Regular term classes, and meet the attendance requirement to appear in Mid-Term and Comprehensive Examination. In this case, the student will be evaluated fresh in terms of his/her internal marks, Mid-Term marks and End- Term marks. Accordingly, RRA/RC1 (RC1: Registration cancelled and attendance has not met the attendance criteria for appearing in End-Term Examination) cases would fall in this category.

h) To pass a Course, a student must secure minimum 30% marks in both Comprehensive examination and Grand total.

i) Course in which the number of registered students will be less than 30, absolute grading may be adopted. The grade range of absolute grading will be as follows:

Grade	Marks range
A	≥80
B	60 but < 80
C	40 but < 60
D	35 but < 40
E	30 but <35

The Cumulative Grade Point Average (CGPA) will be used to describe the overall performance of a student in all courses in which he is awarded letter grades, since his entry into the Institute up to and including the latest semester/term. It is also used for the declaration of division when the program is completed. CGPA is the weighted average of the grade points of all the letter grades received by the student from his entry into the Institute and is computed as follows:

$$\text{CGPA} = \frac{(u_1 g_1 + u_2 g_2 + u_n g_n)}{(u_1 + u_2 + u_n)}$$

where u1, u2, u3, ………, un denote units associated with the courses taken by the student and g1,g2,g3…………,gndenote grade points of the letter grades awarded in the respective courses. On the other hand, the reports obtained in a course or non-letter grades obtained in Thesis/Seminar will not alter the CGPA, since the same are not accounted for in the CGPA calculation.

When a student repeats a course in which he has already received a grade, as soon as a new grade is obtained, it will replace the earlier one in the calculation of CGPA. It is to be noted that only the latest grade in a course is taken into account for the calculation of CGPA and not the better of the grades, when a course is repeated. A student's grades, reports, CGPA, etc., at the end of every semester/term will be recorded on a grade sheet, a copy of which will be issued to the student. The grade sheet will be withheld when a student has not paid his/her dues or when there is a case of breach of discipline or unfair means pending against him/her.

While registration with approval of appropriate authority consistent with these regulations is a token of permission to pursue studies, the grade sheet is a complete record of the outcome of what was intended in the original/amended/revised registration. The various grades and reports discussed above would be appropriately used to tally the grade sheet with original/amended/revised registration. It would be evident that this tally between what was registration for and what was obtained in terms of grades and reports will apply to all courses except the course, which was originally registered for, but subsequently replaced by another course through substitution. The tally is made on a course basis at the end of semester/term to determine which of the courses have been cleared. A course is deemed to have been cleared if the student obtains a grade in the course. However, mere clearing of the prescribed courses does not tantamount to fulfilling the requirements of graduation.

While all the grades secured, reports and other pertinent information for a semesters are given in a grade sheet, the chronologically organized information from the grade sheets of a student with the necessary explanation constitutes his transcript which is issued at the time he leaves the Institute or at an intermediate point on request.

3.2.3 Minimum Academic Requirements

The educational philosophy of the University interlinks and at the same time distinguishes between the performance of a student in a single course and his overall cumulative performance. Accordingly the expected minimum academic requirements for the undergraduate programs of the University.

At the end of every semester/term the following minimum academic standards have to be maintained by the students.

       a) A student should not have secured more than one 'E' grade in that semester.

       b) A student should have CGPA of at least 4.5 for UG and 5.5 for PG.

The requirements (i) and (ii) of clause 3.2.3 above are the minimum requirements that every student should meet at the end of every semester. Failure to meet even one of these requirements will automatically bring him under the purview of the Academic Counseling Committee (ACC), or a designated authority. The ACC takes immediate charge of the student and requires him to follow a specific path so that he could be rehabilitated at the earliest. Failing the efforts made by ACC to rehabilitate the student, he would be required to leave the Institution.

During the pendency of this purview, the student will lose all his options in regard to the various features permitted during the process of registration namely; option of naming the course, choice of courses under electives, repetition of courses, taking a higher level course, departure from the normal, etc; and will also lose all his options for amendment to his original registration namely; substitution and withdrawal. However, ACC would have rights to revise the original registration at any time during the semester. Indeed, his entire semester load will be determined by ACC and will have to be followed to the satisfaction of ACC.

If the student's performance in the course package prescribed by the ACC in each semester suffers from NC report or lack the effort on the part of student, it would be construed that he/she is not working to the satisfaction of ACC and it may lead to more stringent restrictions on the student. It should be his/her single minded objective to fulfill the minimum academic requirements, thus enabling the student to get out of the purview of the ACC.

Once a student has been placed under the purview of ACC, he should continue to be under its direct guidance until ACC, after being satisfied with his/her overall progress and performance, declares the student to be out of its purview. All decisions of ACC shall be final.

3.2.4 Graduation and Eligibility

A student is deemed to have fulfilled the requirement of graduation for the program when he/she satisfies the following conditions:

- Cleared all the courses prescribed for him/her in his/her program within the stipulated period specified in the regulations.
- Obtained a minimum CGPA of 4.5 for UG and 5.5 for PG
- Remained out of the purview of ACC or has been declared to be out of its purview

- Overcome all the consequential stipulations of an NC report; except where there is an NC report in an elective course over and above the prescribed number of elective courses or in a course which has ceased to be a part of his/her current program; and
- Satisfied all requirements of the Program regulations.
- A student is deemed to have become eligible for the Bachelor's degree if, in addition to satisfying the above requirement. He/she has satisfied all the rules of evaluation. No case of indiscipline or unfair means pending against him/her.

However, in case of a student having outstanding dues against him/her to be paid to the University, Hostel or any other recognized organ of the University, his/her degree will be withheld until the said dues are cleared.

Students who fulfill the graduation criteria will be given a provisional certificate before the convocation. The Bachelor's degree will be awarded during the convocation.

The following classification based on CGPA will be made and mentioned in the graduation certificate of the student.

Distinction	CGPA 9.00 or more
I Division	CGPA 7.00 or more but less than 9.00
II Division	CGPA 4.50 or more but less than 7.00

Repeating a Course

The Student has an option to repeat a course to improve the grade either in summer term or in regular semester. In such a case the following conditions will apply:

i. The course, which the student wants to repeat by attending classes, should be offered in that regular semester.

ii. The student has paid the course repetition fee during regular/Summer term as mentioned below:

School Name	Category of Student	(in Rs.)	Class Attendance Requirement
IBS/ ITS/ ILS/ IEdS	NC & GI	2000	By Self Study
	RRA	5000	By Attending classes with 75% attendance
	RC1	5000	By Attending classes with 75% attendance
	RC2	2000	By Self Study

* NC: Not Cleared, GI: Grade Improvement, RRA: Required to Register Again, RC1: Registration Cancelled due to Disciplinary Action during Semester, RC2: Registration Cancelled due to caught under UFM during

3.2.5 Summer Term

IUD may offer a summer term after the completion of even semester, in order to provide an opportunity to the students who have obtained a valid grade in the course but not meet the academic requirements, to improve the grade. The rules and regulations governing the offer of the summer term are as under-

- RRA / NC / GI students can register for the course in the summer, subject to availability of the courses and faculty members. RRA / NC / Grade Improvement students can register for maximum of four courses only.
- RRA registered students must complete 75% attendance to appear in all the components of each subject for final evaluation.
- NC / GI students are not required to attend classes for such courses, and they have to appear only for the end term examination. Their previous continuous evaluation marks will remain unchanged. However, they have the choice to register as RRA and attend classes. In this case, they will be evaluated on all the components including continuous evaluation, and their latest marks will be applicable.
- All registered students are required to pay registration fee as per the university notification.
- All Registration Cancelled (RC) students can register for the course only after the consent of disciplinary committee. In General, Project / IP course registration is not allowed during summer semester.
- All the registered students are required to collect information regarding summer semester examination schedule (all the examination components) from the concerned School only. If a student has skipped a semester then he/she can be allowed to register for that semester only in the similar regular (odd/even) semester.
- IUD reserves the right to offer / reject the application for registration to a particular course. It is not mandatory to offer such courses as requested by students. Summer Term fee structure will be same as mention above.

PART 4

Student Code of Conduct

PART 4 STUDENT CODE OF CONDUCT

4.1 Principles

This Code of Conduct has been formulated to provide a clear statement of the University's expectations from the students in respect of academic matters and personal behavior. Studying at IUD presents opportunities for interacting with other members of the University community. The University recognizes and values the diversity of student experiences and expectations, and is committed to treating students, both academically and personally, in a fair and transparent manner. All students, in return, are required to comply with the requirements set down in this Code of Conduct.

4.1.1 The University reaffirms its commitment to

- High academic standards, intellectual rigor and a high quality education;
- Intellectual freedom and social responsibility;
- Recognition of the importance of ideas and the pursuit of critical and open inquiry;
- Tolerance, honesty and respect as the hallmarks of relationships throughout the University community; and
- High standards of ethical behavior.

All students are required to be aware of and act consistently with these values.

4.1.2 Coverage

This Code of Conduct applies to all students of the IUD, in respect of all actions and activities (including inaction or inactivity) relating to or impacting on the University or its students and employees. It must be read in conjunction with the statutes, rules, and resolutions of the University.

4.1.3 Definitions in this Code of Conduct

Student means all students of the ICFAI University, Dehradun.

Employee means all staff of the ICFAI University, Dehradun, (including Full-time, Part-time or Casual staff).

4.2 Personal conduct

All students must:

- Treat all employees, honorary appointees, consultants, contractors, volunteers any other members of the public and other students with respect, dignity, impartiality, courtesy and sensitivity;
- Maintain a cooperative and collaborative approach to inter-personal relationships;
- Act honestly and ethically in their dealings with University employees, honorary appointees, consultants, contractors, volunteers, any other members of the public and other students;
- Respect the privacy of employees, honorary appointees, consultants, contractors, volunteers any other members of the public and other students;
- Ensure that they do not act in a manner that unnecessarily or unreasonably impedes the ability of employees, honorary appointees, consultants, contractors, volunteers any other members of the public and other students to carry out their study, research or work at the University; and
- Ensure that they do not become involved in or encourage discrimination against or harassment or bullying of employees, honorary appointees, consultants, contractors, volunteers any other members of the public or other students.
- Ensure that they will not use mobile phones during classes.
- Ensure that they will not consume alcohol or smoke in the campus or indulge in any kind of illegal activities
- Ensure that they are in proper uniform.
- Practicing high standards of academic and professional honesty and integrity.
- Respecting the rights and privileges of other students.
- Respecting the rights and privileges of members of the academic community.
- Safeguarding and protecting the campus property.
- Refraining from any conduct that would interfere with campus functioning or endangers the health, welfare or safety of other persons.
- Complying with the rules, regulations, procedures, dress code and policies of the campus.
- Abstaining from any conduct that might malign the image of the Campus in the eyes of the stakeholders and public in general.
- Maintaining discipline and decorum in the off campus accommodation.

Any student found to have engaged in any of the following activities shall be subject to disciplinary action:

➢ Obstruction or disruption of teaching, administration, seminars, class discussions and other activities of campus.

➢ Ragging

➢ Sexual Harassment

➢ Facilitating unauthorized entry or use of campus facilities by outsiders.

➢ Disorderly/obscene conduct or expression.

➢ Forgery, alteration or misuse of IUD documents.

➢ Use of unfair means in any of the evaluations.

➢ Unruly behavior with students/staff/faculty.

➢ Damage/pilferage of campus property.

➢ Absenteeism beyond the permissible limit.

➢ Causing nuisance or disturbance in and outside the institution.

➢ Cheating, plagiarism and academic dishonesty.

➢ Use, production, distribution, sale, or possession of alcohol/drugs in a manner prohibited under law.

In such cases, the matter will be referred to University Disciplinary Committee which will investigate and recommend disciplinary action leading to either cancellation of admission or semester registration.

4.3 Students indulgence in any act outside the Campus

The students are brand ambassadors and should maintain proper decorum and decency outside the campus. The student will be solely responsible for any action or omission committed by him/her outside the campus.

4.4 Academic Conduct

All students must:

➢ Ensure that their enrolment and progress in their award course is lawful and consistent with the statutes, rule and resolutions of the University. It is a student's responsibility to observe key dates and deadlines;

➢ Read all official correspondence from the University, including email;

➢ Act ethically and honestly in the preparation, conduct, submission and

publication of academic work, and during all forms of assessment, including formal examinations and informal tests;

➢ Avoid any activity or behavior that would unfairly advantage or disadvantage another student academically;

➢ Behave professionally, ethically and respectfully in all dealings with the University's learning partners during extramural placements and practicum.

➢ Use University resources, including information and communication technology resources, in a lawful and ethical manner and for University purposes only, unless express permission has been granted for non-University or private usage.

4.5 Hostel Rules

➢ These rules are intended to provide a safe and conducive environment to the resident students of The ICFAI University, Dehradun (here in after referred to as 'The University'). The University has the right to modify these rules from time to time for ensuring quality living conditions in the hostels. The students are governed by the rules and regulations which are currently in force.

➢ The Hostel Warden is vested with the power to interpret and enforce the rules and regulations and for the administration and management of the hostel admissions/re- admissions.

➢ The Hostel Warden reserves the right to break open the doors of the room in case of any violation of hostel rules, suspected unlawful activities or on the basis of perceived security risk.

➢ The Hostel in mates with chronic medical problems will be asked to vacate the hostel room immediately, as personal medical care by parent/guardian will be necessary.

➢ ContinuationofstayofastudentinthehostelissubjecttothediscretionoftheUniversity Administration.

➢ Allotment of the hostel rooms shall be made by the Hostel Warden.

➢ The hostel inmates should not enter into any unnecessary conversation, quarrel or altercation with the hostel/mess/ security staff. If anyone has any complaint against any employee of the hostel, a written complaint against the person is to be lodged with the Warden/Assistant Warden. Use of abusive, vulgar and un-parliamentary language against the hostel/mess/ security staff is strictly forbidden. Any complaint received in this regard against the inmates will be dealt with seriously.

➢ Collection of donation for any purpose (Religious/otherwise) is strictly prohibited.

➢ Smoking is strictly prohibited in the hostel buildings. A fine of Rs. 1000/- shall be imposed for the first time, if a hostel inmate is found smoking or in possession of cigarettes within the Campus. If it is repeated, his/her parents shall be informed and the student is liable for expulsion. Gambling in any form such as playing cards (even without money at stake), consumption of alcohol,

use of drugs and narcotics and even possession of such things are strictly prohibited. A fine of Rs. 1000/- shall be imposed if the student is consuming alcohol or possessing alcohol for the first time, if it is found to be repeated the parents will be informed. In addition to fine the inmate will be liable for expulsion from the hostel. Anyone found indulging in the use of such things will not only be asked to vacate the hostel but also be rusticated from the University. All the students entering the Campus shall check their bags individually to ensure that they are not carrying cigarettes, narcotics and alcohol bottles. If they are found carrying such things by the security at the main gate, the student will be penalized with a fine for the first time.

➢ The hostel rooms are subject to inspection by the University / Hostel authorities to make sure that they are kept neat and tidy and no unauthorized items like liquor, drugs, weapons etc., are kept in the room. Possession of any weapons or any instrument / contrivance, which is likely to cause physical harm to others, is strictly prohibited. Mere possession of weapons or firearms constitutes a grievous offence that can result in expulsion from the University and the hostel.

➢ The hostel inmates are not permitted to stay away from the hostel beyond 9 PM without prior written permission of the Warden. Hostel inmates leaving the campus should inform the warden in writing and register at the gate. The inmates, who are not found in their respective rooms after 10.00 PM, will be liable for appropriate disciplinary action for misconduct as per the rules.

➢ The entry of men is strictly forbidden inside ladies hostel except University Officials on duty with valid passes. Likewise ladies are not permitted to enter the gents' hostels.

➢ Ragging in any form (making unpleasant noise, disorderly conduct, doing any act which causes or likely to cause physical or psychological harm or raise apprehension or fear of shame or an embarrassment to the new student, which includes teasing, abusing, playing practical jokes on or causing harm to such students or asking the new student to do any act or to perform such things which such student will not in the ordinary course willingly do) is strictly forbidden. If anyone is found guilty of ragging he/ she will be expelled and also liable for prosecution which will result in punishment according to the provisions and rules of the anti-ragging act.

➢ All hostel inmates must report any disciplinary matter or problems, concerning them or their room-mate/neighbor(s), coming to their notice to the Warden/ Assistant Warden directly. In case of any inmate's room-mate is absent from the room or is sick / admitted in the hospital or is in any kind of physical/mental trouble or is indulging in any bad practices, the same must be immediately brought to the notice of the Warden/ Assistant Warden.

➢ Any hostel inmate found guilty of misconduct or continual breach of the above rules or of gross indiscipline or who is found to be a bad influence on the other resident students, is liable to be expelled forthwith. The decision of the authorities in this regard shall be final and binding on the student, and her/his

parent/local guardian will not be permitted to question the authorities on any ground whatsoever.

➤ All students are expected to conduct themselves in a manner compatible with the University's mission as an educational institution and a community of students, scholars, and teachers. Common goals are to protect and respect each individual's well-being and to enable us to live and work together with a minimum of conflict and a maximum of personal freedom. It is the right of each member of our community to attend, make use of, and enjoy the facilities and functions of the University without interference or disruption. Students' failure to comply with these standards of conduct may result in discipline.

➤ It is also each student's responsibility to keep apprised of University's specific policies and regulations and laws. Students must reach the University in proper uniform. Any student who engages in Academic or Social misconduct shall be subject to disciplinary action by appropriate office of the University.

Maintenance of Discipline among the Students of the University

4.6 Act of Indiscipline

No student of the University shall indulge in an Act of in discipline which includes:

a. Misconduct, any gross violation which results in Police Case.

b. An act punishable under any law for the time being in force.

c. An act violating the provisions of the University Act, Regulations or rules framed from time to time;

d. An act in breach of any undertaking;

e. Refusal to obey the direction of the University Officers, Proctors, Wardens Faculties or any other authority of the University;

f. An act involving physical violence or use of abusive language or destruction of University property.

g. Participation in any activity which disturbs the peace in the University or administrative or academic atmosphere of the University;

h. An act which brings the University into disrepute;

i. An act of ragging

j. An act affecting adversely the modesty of any girl student or lady staff.

4.7 Disciplinary Actions

The University or the officers on authorized may take one or more of the following actions in regard to indiscipline:

a. Rustication of the student for all time under intimation to other Universities

b. Expulsion of the student from the University for a specified period from specified activities or for all time to come under intimation too the Universities.

c. Suspension of a student for a specified period either from all privileges of the University entry of adverse remarks in the character roll of a student or only from specified activities.

d. Entry of adverse remarks in the character roll of a student

e. Imposition of fine of a stipulated amount

f. Issuance of warning to a student

4.8 Procedure for Taking Action

a. Disciplinary action stated in clause 4.7 (a),(b),(c)and(d) above shall be taken by the Vice-Chancellor.

b. Disciplinary action stated in clause 4.7 (e) and (f) above shall be taken by any Officer, Dean, Teacher, Proctor or Warden with the approval of the Vice-Chancellor.

c. No student shall be subjected to any disciplinary action unless the concerned student is given a fair opportunity to represent his/her case.

d. The Disciplinary Committee/ DDC in case of acts of indiscipline attracting the disciplinary action stated in clause 4.7 (a), (b), (c) or (d)shall make an enquiry and shall submit its report along with its recommendation to registrar ,and He/She will further only forward that report and recommendation (of

DC/DDC) to Vice Chancellor.

e. The Vice-Chancellor, after receiving such report and recommendation of DC/DDC from the Registrar shall pass necessary orders in that regard which shall be final.

4.9 Prohibition of Ragging in the University

What Constitutes Ragging

Ragging constitutes one or more of any of the following acts:

(a)   Any conduct by any student or students whether by word s spoken or written or by an act which has the effect of teasing, treating or handling with rudeness a fresher or any other student;

(b)   Indulging in rowdy or indiscipline activities by any student or students which causes or is likely to cause annoyance, hardship, physical or psychological harm or to raise fear or apprehension thereof in any fresher or any other student;

(c)   Asking any student to do any act which such student will not in the ordinary course do and which has the effect of causing or generating a sense of shame, or to mentor embarrassment so as to adversely affect the physique or psyche of such fresher or any other student;

(d)   Any act by a senior student that prevents, disrupts or disturbs the regular academic activity of any other student or a fresher;

(e)   Exploiting the service so fa fresher or any other student for completing the academic tasks assigned to an individual or a group of students.

(f)   Any act of financial extortion or forceful expenditure burden put on a fresher or any other student by students;

(g)   Any act of physical abuse including all variants of it : sexual abuse, homosexual assaults, stripping, forcing obscene and lewd acts, gestures, causing bodily harm or any other danger to health or person;

(h)   Any act that affect the mental health and self- confidence of a fresher or any other student with or without an intent to derive as sadistic pleasure or showing off power, authority or superiority by a student over any fresher or any other student.

(i)   Any act or abuse by spoken words, emails, post, public insults which would also include deriving perverted pleasure, vicarious or sadistic thrill from actively or passively participating in the discomfiture to fresher or any other student.

Ban on Ragging: There is a total ban on any act of ragging performed directly or indirectly by any student of the University. No student shall commit, abet, propagate, or participate directly or indirectly in ragging in or outside the University.

4.10 Anti Ragging Bodies

There shall be the Anti Ragging Committee and Anti Ragging Squads to be appointed by the Vice Chancellor to keep strict vigilant to report any incident to fragging to the Vice Chancellor.

Any fresher or junior student who apprehend or is victimize do f ragging may report the matter to the Anti Ragging Committee which may after proper inquiry report the matter to the Vice Chancellor.

The Anti Ragging Committee may also *summon to* take cognizance of any apprehension or act of ragging and report the matter to the Vice Chancellor.

The fresher or junior students will be supplied by the University the mobile/telephone number of the Member so the Anti Ragging Committee and Anti Ragging Squad and they may directly contact the min case of any need.

Any teacher, non-teachings staff of the University, the Member of the Proctorial Board, any employee working in the Canteen of the respective hostels or any student may also inform the Anti Ragging Committee of any apprehension or act of Ragging in the University.

4.11 Supervision of the Ragging Activities

- Security Deposit would be refunded at the time of final vacation of the hostel after deducting dues if any.

PART 5

Internship program

PART 5 INTERNSHIP PROGRAM

5.1 Objective

The Internship Program (IP) forms an important component of the education at IUD. This program is an attempt to bridge the gap between the academic institution and industry by involving the students in an ongoing developmental activity under the direct supervision of experienced Faculty and experts from the Corporate World. The IP method of education and curriculum represents a controlled simulation of real life situations and circumstances. It is adopted by IUD to link the educational institution with the real working environment.

The Internship Program requires the students to undergo the rigor of the professional world in form as well as in substance, providing them an opportunity to apply their class-room knowledge to live situations which cannot be simulated in the classroom environment. It differs from the "Practical Training's well as "Sandwich Schemes" as the entire student education at the Internship Program station is supervised by the ITS faculty resident at the station and the program forms a part of the total credit towards student" s degree.

Students are advised to take up assignments, of direct interest to the host organization. These assignments involving team-work would be multidisciplinary, time bound, mission-oriented and goal- oriented. Solutions to various problems confronted in the assignment might be open-ended, involving an element of analytical thinking, processing and decision making in the form of insufficient data, parameters and uncertain situations.

5.2. Student - Faculty Interaction

A team of students, attending the Internship program at an organization is assigned a faculty guide at the beginning of the program. The role of faculty is to interact with student as project guide and Industry supervisor regularly to chalk out an effective interaction plan, and later to know about the student's progress in his respective projects and the quality and quantity of work put in by the student. Industry supervisor is invited to the seminars in order to involve them more effectively in the Internship Program.

5.3 Student-Industry supervisor Interaction

The industry supervisor from the host organization helps in identifying the assignment suitable for the student. Later they act as technical guides to the students. Along with the faculty, they evaluate the student on the progress of the work. The industry supervisor time should not be taken for granted and the students should approach him/her well prepared for specific assistance, guidance or suggestions on the project.

5.4 Discipline and Conduct

Attendance: 100% attendance is compulsory for the Internship program. However, if for any genuine reason a student is unable to report to the allotted organization on any day, he/she should obtain a formal permission for leave of absence as per the rules and regulations of the organization. Permission should also be taken from the IUD faculty in-charge for the Internship Program.

As Interns, the students assume the role of IUD ambassadors. The University expects the students to maintain high standards of professional and social conduct in the organization. IUD expects the student at all times during the Internship Program, to conform to the rules and regulations of their place of work. It is important to be regular, punctual and obedient at work. During the period of Internship Program, the student shall be subjected to the leave rules of the organization he/she is working for and must ensure strict adherence to the timings of the organization.

Unprofessional behavior, misconduct, indiscipline, irregularity and unsatisfactory performance at work will lead to the cancellation of registration in the Internship Program. Consequently, a student may lose at least one year of study, besides other form of disciplinary action that IUD might deem fit to take.

5.5 Evaluation Criteria

The educational process in the Internship program seeks and focuses attention on many latent attributes that do not surface in the normal classroom situation. Hence, the process of evaluation in these courses is designed with care so that information becomes available continuously. The following attributes are put to test here: intellectual ability, personality, commonsense, professional, judgment, responsibility and punctuality, team work, leadership qualities, ability to take initiative, problem-solving and decision making skill, capability to meet deadlines, communicate through oral and written presentations etc.

5.6 Project Report

A Project Report is a written presentation of the work done by the students on a given assignment. It is important to bear in mind that even though the project report is submitted only at the end of any given assignment, in reality it is a culmination of continuous efforts on the part of the students.

The project report is judged on the following points: -

➢ Knowledge and comprehension of the problem.

- Ability to analyze and comprehend the subject and aim of study.
- Logical sequencing, organization and handling of the data in the problem.
- Findings, observations, concluding remarks in terms of the objectives set earlier and the future scope of the problem. Organization of the report.

5.7 Seminar/Viva-Voce

The seminar evaluates the students in terms of the following: -

- Knowledge of basic concepts and physical principles and the ability to apply them.
- Additional knowledge acquired.
- Ability to analyze a given problem or situation.
- Logical development of the subject.
- Effective oral communication.
- Self-reliance, co-operation and moderation.

5.8 Evaluation through Observation

During Internship Program, student is evaluated through observations by the faculty and project guide for the following traits: -

- Regularity and ability to meet deadlines.
- Sense of responsibility.
- Initiative, leadership and co-operation.
- Industry and diligence.
- Social sense and adaptability to practical situations.

5.9 Diary

Further, a student is expected to maintain a diary which is an attempt to cultivate the habit of documentation, enabling the student to develop his own thought process and reasoning abilities. Industry supervisor would check and sign the diary periodically. Here, the student is tested for the following attributes.

- Data procurement, calculations and presentation.
- Thought process.
- Regularity.
- Program wise Internship Program details are given below.

Part 6

Academic Administration Infrastructure

PART 6 ACADEMIC ADMINISTRATION INFRACTURE

Faculty

A team of highly qualified, competent and committed faculty members steers the IUD. The University is endowed with teachers drawn from the leading institutions, practicing professionals and academicians to provide high quality of academic delivery. The institution plays a significant role in ensuring quality education through interactive teaching, continuous multiple criteria evaluation and constructive feedback mechanism. The faculty brings their extensive knowledge, professional experience and advanced education to their task at IUD.

Library Facilities

The University has a well-stocked library containing reference materials, magazines and Indian/International books and journals. The library subscribes to the industry information database to make available large

research resources and publications with search facilities to students and faculty. In addition, the

library contains directories, industry reports and statistical compilations that provide timely and concise information for project works. Library is open to all students and faculty members and is continuously updated with latest books and journals under the supervision and advice of the library committee.

Computer Facilities

The University provides the latest hardware and software infrastructure to cater to all the computing needs of the students and faculty. The institution is equipped with powerful servers and multiple terminals with multiple operating systems enabling a client-server environment. The students are guided by well experienced faculty to handle the computer labs. Leased internet facility is available for undertaking research activities.

Laboratory Facilities

A central workshop with various machine tools and equipment's including CNC machine supports hands-on training in various areas of workshop practices. Laboratories for Physics, Chemistry, Digital Electronics, Microprocessors, Communication, RF & Microwave, Robotics, Digital Signal Processing, Hydraulics & Hydraulic Machines, CAD,IC Engine, Refrigeration, Computer languages lab, Dynamics of Machine & Vibration, Advanced Mechanics of Solids & Kinematics etc. provide facilities for the students of different disciplines to acquire skills for measuring various parameters in science and technology.

Awards and Medals

Students who successfully complete the program will be awarded relevant Degree by the University, subject to the University regulation. Students scoring the first rank and second rank on completion of their Program will be awarded Gold and silver medals respectively.

IUD Alumni Society

IUD has established the IUD Alumni Society (IUDAS). All students are required to seek membership in IUDAS. The provisional membership in the alumni body entitles the students to participate in seminars, workshops, conferences and local chapter activities organized by IUDAS.

Co-curricular Activities

At IUD, emphasis is laid on the need to balance classroom and out-of-classroom life. The University endeavors to build up personal growth and maturity in the students by providing a variety of opportunities for participation and initiation in co-curricular activities. The activities have been intended to support the educational purpose of the University by working to create experimental learning options outside the classroom and encouraging the students to actively participate in the wider educational arena.

Through diverse activities, such as organizing seminars on contemporary issues, guest lectures and other inter- college competitions, the students learn to value collaborative and collective learning. Students are also encouraged to form informal groups and clubs based on their areas of interests, and share information and exchange ideas. Students also organize annual meets, which offer a wide array of opportunities to develop closer interaction with other colleges.

IUD encourages student involvement in several co-curricular activities like:

➢ Group Discussions Debating
➢ Elocution
➢ Quizzes

➢ Seminars
➢ Technical Group
➢ Sports meets Cultural Meets   Skits & Plays Publications/ Magazines
➢ Academic meets
➢ Magazines

.

These co-curricular activities help the students to: -

➢ Improve communication skills
➢ Develop the right kind of attitude
➢ Discover and develop one's uniqueness and Intelligence

➢ Enhance leadership qualities and abilities
➢ Manage stress and work under pressure
➢ Emerge as a team player
➢ Refine interpersonal/group skills
➢ Improve creativity
➢ Set ambitious targets

Extra -curricular Activities (Clubs) and Sports

The IUD is running various in-house clubs for the overall grooming/ development of students. The clubs are created to up bringing the inner talent of the students. The different clubs and their In-charge names are as under:

CLUB TITLE	IN CHARGE NAME
Sports Club	Dr. Mrigankshi Wilson, Dr. Vivek Kumar & Mr. Sanjeev Bisht
Art & Photography Club	Mrs. Amita Sharma & Dr. Gaurav Bhandari
Campus to Corporate Club	Ms. Natasha Pallavi
IUD Chronicle & Cultural Club	Dr. Mrigankshi Wilson
YUKTI Clubs	Ms. Atulya Verma
Health and Wellness Club	Ms. Ria Juneja

Sports

The IUD provides various sports facilities to the students as under:

OUTDOOR SPORTS	INDOOR SPORTS
Cricket	Table Tennis
Volley Ball	Carom
Basket Ball	Chess
Badminton	Squash
Hockey	Puzzles
Kabaddi	Cards

Placements

Utmost importance is given to placement-related activities to ensure that all successful post graduates and graduates receive suitable placements. In this context, the University is uniquely placed to leverage on an industry network, developed over a period of time.

Over the past several years, a strong placement network has been developed with blue-chip companies in the manufacturing, engineering, financial services, information technology, and other sectors. A number of national and multinational companies have recruited the students through campus recruitment. This has been achieved through constant interaction with the industry by way of seminars, internship courses conducted in industries, research projects, and on and off-campus initiatives.

As a part of its placement efforts, placement teams visit potential employers and consultants and apprise them of the level of knowledge and practical application skills acquired by the graduates in their respective areas of specialization. The profiles of the students seeking placement assistance are made available to the prospective employers.

Placement meets and personality development workshops are organized as a part of the placement program. All the students are provided guidance in career planning as they progress to higher levels of the program.

The entire placement exercise is a joint effort between the University and the students.

While the University provides guidance, support, and networking with potential employers, the students have the responsibility to put in the maximum possible efforts to obtain suitable placements.

School	Student Placed (Percentage)	Highest Package per annum in Lacs	Average Package per annum in Lacs
IBS	95	23	6.3
ILS	95	12	4.0
ITS	87	5.75	4.0
IEd.S	100	9.9	2.4

ICFAI BUSINESS SCHOOL PLACEMENT

IBS Dehradun is successfully placing its students in eminent organizations since its inception in 2004.

A partial list of recruiters is provided as under

ICFAI TECH SCHOOL PLACEMENT

ICFAI Tech School has achieved tremendous placements for the B.Tech Batch 2019-23. The approximate placement percentage is about 87% including core and IT Companies. **Mr. Anubhav Girdhar (2019-23)** from CSE achieve package of 5.75 LPA.

Placement Department of ICFAI Tech School is working round the year to bring new corporate into the pool to conduct the internship and the placement drives for the students. **Two Students from B.Tech Mechatronics Batch 2019-23 Mr. Vikas Singh and Mr. Sushil Kumar** are working on live IOT Project with paid stipend.

ICFAI LAW SCHOOL PLACEMENT

ICFAI Law School focuses on developing a world class pool of young and talented law professionals ready to excel in the various legal fields. Recruiters are from TIER - 1 Law Firms, top Corporate houses, Legal Process Outsourcing and NGO's

ICFAI EDUCATION SCHOOL PLACEMENT

The ICFAI Education School gives utmost importance to suitable placements of Pupil Teachers after successful completion of the program, making a record of 100 placement since 2006.

Guest Lectures and Seminars

Guest lectures and seminars play an important role in the development process of the students. Eminent academicians and practicing professionals are invited for guest lectures where the students get an opportunity to interact closely with them and understand the practical applications in various industries.

Student's Council

Students' Council consists of Student Representatives. The council regularly interacts with the faculty members for necessary guidance. Students' Council meets regularly to decide and organize various activities on and off the campus.

Disciplinary Committee

Students must adhere to the "Campus Rules" copies of which are distributed to the students. Anyone found violating any of these would come under the purview of Disciplinary Committee of the University and would be liable for the punishment awarded by the committee. A few guidelines are mentioned below:

- Ragging is strictly prohibited as per the Government Acts.
- Good behavior, discipline, and respect towards the faculty, staff and fellow-students are expected.
- Cell phones are strictly prohibited in the class rooms, laboratories, library, computer center, examination halls etc.
- Decent dress code must be maintained within the college campus.
- Utmost care must be taken to avoid any damage while handling the property of the University.
- Adoption of unfair means in tests/examinations and other components of evaluation are strictly punishable.
- Students should carry their identity cards at all time.
- Smoking, gambling, consumption of alcohol and drugs in the campus/hostel premises are strictly prohibited.
- Gossiping or eating in the classrooms, library, computer center and labs are not allowed even if the rooms are vacant.
- The students should strive to keep the campus clean and avoid littering.
- A student should not be involved in any case of violence or nuisance within or outside the campus.
- Hostellers should abide by the rules and regulations of the hostel. They should necessarily avail the mess. These guidelines are not exhaustive.

Prohibition of Ragging

Students are prohibited from indulging in any disorderly conduct whether by words spoken or written or by an act with the effect of teasing, treating or handling with rudeness, any other student. Indulging in unruly or indiscipline activities which cause or are likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in any student, junior or senior, or asking the student to do any act or perform something which such a student will not do in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of the student is prohibited. Any student violating the above and thus indulging in any act or ragging, will be severely dealt with.

Conduct Regulations

Students are expected to act in ways that are consistent with the role and guiding values of the ICFAI University, Dehradun. Students should regulate their own conduct so as not to impede or prejudice the work of other members. They are entitled to work, learn, study and participate in the social aspects of the institute's life in an environment of safety and respect. It is expected that students will act with integrity and demonstrate respect for others and adhere to the standards of conduct. Students should refrain themselves from misconduct of any kind.

Sexual harassment

Sexual harassment of individuals occurring in the place of work or study or in other settings in which they may find themselves in connection with their association with the University is unlawful and will not be tolerated by the University. Further, any retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating with an investigation of a sexual harassment complaints similarly unacceptable. To achieve this goal, conduct that is described as "Sexual Harassment" in this policy will not be tolerated and a procedure is provided by which inappropriate conduct will be dealt with, if encountered among employees/students. The University will also take all the appropriate steps necessary to protect individuals from retaliation. Such Steps include:

Action to stop retaliatory behavior.

- Providing required security measures.
- Counseling help to Complainant and Accused.
- The University takes allegations of sexual harassment seriously, and will respond promptly to complaints of sexual harassment and where it is determined that such inappropriate conduct has occurred, prompt and appropriate corrective action as is necessary, including disciplinary action, will be taken.

While this policy sets forth the goal of the University of promoting a study or workplace that is free of sexual harassment, the policy is not designed or intended to limit the authority of the University to discipline or take remedial action for conduct which the University deems unacceptable, regardless of whether that conduct satisfies the definition of sexual harassment.

Communication to Students the primary mode of communication of the institution with the student is through e-mail. Students are expected to check their e-mail account regularly. Students can access the complete information like registration, detailed course syllabus, fee details, attendance, grades, scholarships and various forms through student zone.

Merit Scholarships scheme 2023

The ICFAI University Dehradun offer merit scholarships to students pursuing the various Programs. The scholarships are based on performance in the qualifying examination and Semester-wise performance during the Program.

The regulations to avail of the scholarships are as follows:

Scholarship Based on Past Academic Record:

- The past academic percentage will be calculated by adding all subjects of class XII for Undergraduate program and consolidate (Final) percentage of all year for L.L.B. and L.L.M. Programs.
- Once student gets backlog (RRA/NC/ RC) in the semester he/she will not be eligible for scholarship thereafter.
- He/ she should have scored 6 or more GPA in the semester.
- Students facing any disciplinary action will not be eligible for scholarship.
- Students who have availed fee waiver are not eligible for scholarship.

Note: Students are required to pay complete semester fee on or before the registration date.

Scholarship based on Semester-wise Performance:

- 10% of the students in the batch having highest CGPA will be eligible for the scholarship.
- Scholarship amount would be distributed equally among students with equivalent CGPA if tied with the last student in the top 10%.
- Students should not have any backlogs (RRA/NC/RC) in any semester.
- Students who have availed fee waiver are not eligible for scholarship.
- Students facing disciplinary action of any kind are not eligible for scholarship.

Note: Students are required to pay complete semester fee on or before the registration date
